

3 Index of Papers by subject, and Tables by sub-topics

1. Agriculture and Soils
2. Archaeology
3. Palaeontology
4. Stratigraphy
5. Structure
6. Geochemistry
7. Geomorphology and Quaternary Geology
8. Mineralogy
9. Mines and Mining
10. Economic Geology
11. Igneous Geology
12. Sedimentary Geology
13. Metamorphic Geology
14. Radioactivity
15. Cornubian Geology
16. International Geology
17. Historical and miscellaneous
18. History of the RGSC and Its Members
19. Tables by sub-topics

1. AGRICULTURE & SOILS

Observations on the Geological Structure of Cornwall, with a view to trace its connexion with, & influence upon its agricultural economy, & to establish a rational system of improvement by the scientific application of mineral manure, J A Paris, **I**: 168-200, 1818.

[Geology & Agriculture – Soils], President's Address for 1916, J B Cornish, **XV**: 127-135, 1917.

Soils of Cornwall, B Clayden [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 311-330, 1964.

2. ARCHAEOLOGY

Some Arguments in support of the Opinion that the Iktis of Diodorus Siculus is St Michael's Mount, T F Barham, **III**: 86-112, 1828.

On the intercourse which subsisted between Cornwall & the Commercial states of Antiquity; & on the state of the Tin-trade during the Middle Ages, J Hawkins, **III**: 113-135, 1828.

On the singular state of some Ancient Coins lately found in the sands of Hayle; & on the evidence deducible from them relative to the period of the earliest deposition of sand on the Northern coast of Cornwall, J Carne, **III**: 136-149, 1828.

Some account of Ancient Circles, & other remains, on Botrea Hill, in the Parish of Sancreed; with remarks on the origin of Hill-Castles, T F Barham, **III**: 192-202, 1828.

On the ancient Metallurgy of Cornwall (Abstract), A Tylor, **X**: 187-188, 1884.

The Flint Implements of North Cornwall & their relationship to Local Earthworks, H Dewey, **XIII**: 457-465, 1911.

The Ictis of Diodorus in the light of modern theories, D G Whitley, **XV**: 55-70, 1915.

Camborne & the Stone Age, J Thomas, **XV**: 308-312(1), 1919.

3. PALAEOONTOLOGY

An account of the Fossil Organic Remains found on the south-east coast of Cornwall, & in other parts of that County, C W Peach, **VI**: 12-23, 1841.

On the Fossil Fishes of Cornwall, C W Peach, **VI**: 79-83, 1843.

On the cause of the red colour in the fossiliferous rocks in the neighbourhood of Looe, J Couch, **VI**: 139-142, 1844.

On the Silurian remains in the strata of the south-east coast of Cornwall, R Q Couch, **VI**: 147-149, 1844.

On the Fossil Geology of Cornwall, C W Peach, **VI**: 181-185, 1844.

Report on the Fossil Geology of Cornwall, R Q Couch, **VI**: 219-226, 1845.

On the Fossil Geology of Cornwall, C W Peach, **VI**: 236-237, 1845.

Notes on the Fossil Corals of Cornwall, R Q Couch, **VI**: 276-284, 1846.

On the Fossils of Crownall Bay, Plymouth, E Moore, **VI**: 285-287, 1846.

On the Fossils of Cornwall, C W Peach, **VI**: 296-300, 1846.

On the Fossil Geology of Lantivet & Lantick Bays, near Fowey, C W Peach, **VII**: 17-27, 1847.

On the Fossiliferous Strata of part of the South-east coast of Cornwall, C W Peach, **VII**: 57-62, 1848.

Notice of LAND shells found beneath the surface of sand-hillocks on the coasts of Cornwall, R Edmonds, **VII**: 70-71, 1848.

On the Fossiliferous Rocks of the Liskeard District, J Giles, **VII**: 93-99, 1849.

Additions to Cornish Geology, C W Peach, **VII**: 100-105, 1849.

On the *Ichthyolites* of East Cornwall, W Pengelly, **VII**: 106-108, 1849.

On strata, in the Parish of Stoke Climsland, Cornwall, containing vegetable fossils, S R Pattison, **VII**: 109-110, 1849.

On the *Ichthyolites* of East Cornwall, W Pengelly, **VII**: 115-120, 1850.

On the Fossils of the Blackhead Slate Quarry, near St Austell, C W Peach, **VII**: 121-124, 1850.

Notes on Cornish Fossil Geology, C W Peach, **VII**: 125-126, 1850.

On the Petherwyn Beds, S R Pattison, **VII**: 132-139, 1850.

Notice of the Occurrence of the Horns & Bones of several species of Deer in the Tin Works of Cornwall, R Q Couch, **VII**: 185-192, 1851.

On the *Fucoidal* appearance observed in the Cornish Slates, R Q Couch, **VII**: 193-197, 1852.

Remarks on the Geology of the South Coast of Cornwall, W Pengelly, **VII**: 211-215, 1852.

A Notice of the discovery of Land Plants & shells in the Old Red Sandstone of Caithness, NB, C W Peach, **VII**: 230-232, 1854.

- Notes on the Bones found in the Alluvial Deposits of Cornwall, R Q Couch, **VII**: 233-235, 1854.
- On the supposed new species of the Fossil, genus *Astraea*, found in Cornwall, J Couch, **VII**: 244-245, 1854.
- Description of the Fossils found in a Quarry near Trelawney in the Parish of Pelynt, Cornwall, J Couch, **VII**: 249-262, 1854.
- On the Zoology of the Post-tertiary Deposits of Cornwall, R Q Couch, **VII**: 263-271, 1854.
- A Notice of the discovery of Fossils in the Limestone at Durness, Sutherland, New Brunswick, C W Peach, **VII**: 285-288, 1855.
- A Note on the Fossil Flora of the Lower Old Red Sandstone of Wick, Caithness, N B, C W Peach, **VII**: 289-290, 1855.
- The Silurian Fauna of Cornwall, R Q Couch, **VII**: 300-308, 1856.
- On the *Beekites* found in the Red Conglomerates of Torbay, W Pengelly, **VII**: 309-315, 1856.
- Note on the Positions of Fossils in Cornish Slates, as seen in the specimens in the Museum, Anon, **VII**: 348, 1860.
- The Geographical & Chronological distribution of the Devonian Fossils of Devon & Cornwall, W Pengelly, **VII**: 388-417, 1860.
- Preservation of Fossils, President's Address 1847: C Lemon, **VII**: 9-14.
- [Coal Deposits & Fossils.] President's Address 1848: C Lemon, **VII**: 11-12.
- Silurian in Cornwall, President's Address 1850: C Lemon, **VII**: 9-15.
- Comments on Antiquity of the Human Race, President's Address 1859: A Smith, **VII**: 5-11.
- Comments on Darwin's Theory, President's Address 1860: A Smith, **VII**: 9-13.
- Comments on Darwin's Theory, President's Address 1863: A Smith, **VII**: 5-8.
- Tooth & Fragments of Bones of Hippopotamus from the neighbourhood of Constantine in Algeria, C Fox, **IX**: 26-30, 1875.
- On the fossil fish of Cornwall, C W Peach, **IX**: 31-33, 1875.
- On some Fossils from Mount Lebanon, A L Fox, **IX**: 46-48, 1875.
- Remarks on (with a list) some of the Organic Remains of Cornwall, in the Museum of the Royal Geological Society of Cornwall at Penzance, C W Peach, **IX**: 49-54, 1875.
- On the discovery of Organic Remains in the Rocks of Nelly's Cove, Porthalla, & of some curious Organic-like masses in a Quarry near Hayle, C W Peach, **IX**: 55-58, 1875.
- On the Bones of a Whale found at Pentuan, now in the Museum of the Royal Geological Society of Cornwall, W H Flower, **IX**: 114-121, 1875.
- Notes on some Fossils found at Bude, W Linford, **IX**: 182-183, 1875.
- The Evolution Hypothesis, President's Address 1864: C Fox, **IX**: 14.
- Organic remains of the Laurentians, President's Address 1865: C Fox, **IX**: 6.
- [Vertebrate Discoveries.] President's Address 1865: C Fox, **IX**: 13.
- Eozoon Canadense, President's Address 1866: C Fox, **IX**: 6.

- Miocene Flora of Greenland, President's Address 1866: C Fox, **IX**: 13.
The Cornish Fossils, President's Address 1867: C Fox, **IX**: 9.
Mr Peach's discoveries in Cornish Palaeontology, President's Address 1870: H S Tremenheere, **IX**: 11.
The Fossils of Cornwall. President's Address 1877: W W Smyth, **IX**: xvii.
Table of British & Foreign Devonian Fossils, President's Address 1877: W W Smyth, **IX**: xxvi.
Pleistocene Notes on the Cornish Coast between Plymouth & Looe, W A E Ussher, **X**: 63-69, 1880.
On the Fossils from the Rocks of Cornwall, some of them new to the List, C W Peach, **X**: 90-67, 1880.
Notes on the Geology of the South-east Border of Cornwall, R N Worth, **X**: 103-106, 1880.
Notes on some Teeth from a Stonehouse Bone Cave, R N Worth, **X**: 165-168, 1883.
Notes on the Fossil Foraminifera of the St Erth Clay Pits, F W Millett, **X**: 213-216, 1885.
Additional Notes on the Foraminifera the the St Erth Clay, F W Millett, **X**: 222-226, 1886.
St Erth Beds, President's Address 1886: W W Smyth, **X**: cclx.
Fossil Mussels from Coal-beds in South Wales, President's Address 1880, A P Vivian, **X**: xc.
The Cribbor Vawr Coal Vein, President's Address 1880, A P Vivian, **X**: xc.
Tertiary Fossils at Clermont Ferrand, President's Address 1881, A P Vivian, **X**: cxxi.
The St Erth Deposit, President's Address 1885, W W Smyth, **X**: cclx.
Mr Searles V Wood & Dr Gwyn Jefferys, President's Address 1885, W W Smyth, **X**: cclxi.
The Pliocene Beds of St Erth, R G Bell, **XI**: 45, 1887.
On the Discovery of Human Remains in a Devonshire Bone Cave, R N Worth, **XI**: 105-112, 1888.
A working list of the Palaeozoic Fossils of Cornwall, J H Collins, **XI**: 421-479, 1893.
Illustrations of Cornish Fossils, J H Collins, **XI**: 553-559, 1894.
On some Fossils from the coast sections in the Parishes of Padstow & St Merryn, H Fox, **XI**: 634-644, 1895.
Illustrations of Cornish Fossils, J H Collins, **XI**: 645-654, 1895.
The Foraminifera of the Pliocene Beds of St Erth, F W Millett, **XI**: 655-661, 1895.
On some Nodular Concretions, resembling Fossil Wood & Fossil Fish, Treworden Wood, Launceston, H Fox, **XI**: 684, 1895.
The Radiolarian Cherts of Cornwall, H Fox, **XII**: 39-70, 1896.
Notes on Cornish Fossils, J H Collins, **XII**: 73-86, 1896.
Some geological Notes for 1895 [on radiolarian chert beds of South Cornwall], R J Stephens, **XII**: 87-88, 1896.
The Foraminifera of the Pliocene Beds at St Erth in relation to those of other deposits, F W Millett, **XII**: 43-46, 1897.

- Notes on Cornish Fossils, J H Collins, **XII**: 65-70, 1897.
- On the Pliocene Shell-Beds at St Erth, A Bell, **XII**: 111-116, 1898.
- On the probable causes of the seeming Absence of Palaeolithic Man from Cornwall, A Somervail, **XII**: 167-173, 1898.
- Additions to the List of Foraminifera from the St Erth Clay, F W Millett, **XII**: 174-176, 1898.
- Notes on Veryan & other Limestone associated with Radiolarian Cherts in South Cornwall, H Fox, **XII**: 179-184, 1898.
- On some new & Peculiar Fossils from the Lower Devonians of the South Coasts of Cornwall, U Green, **XII**: 227-228, 1899.
- On some new specimens of *Pteraspis Cornubica* from the Devonian of Lantivet Bay, A S Woodward, **XII**: 229-232, 1899.
- Notes on the Cornish Fossils in the Penzance Museum, J H Collins, **XII**: 233-240, 1899.
- Supplementary notes on the Cornish Radiolarian Cherts & Devonian Fossils, H Fox, **XII**: 278-282, 1899.
- Note on some Fossil *Cephalopoda* from Cornwall, G C Crick, **XII**: 338-341, 1900.
- Geological Notes, H Fox, **XII**: 342-361, 1900.
- On a Cornu of *Cephalaspis Carteri* from the Lower Devonian of Looe, A S Woodward, **XII**: 431-433, 1901.
- On the Distribution of Fossils on the North Coast of Cornwall south of the Camel, H Fox, **XII**: 535-545, 1902.
- Note on the *Faujesinae* of the Tertiary Beds of St Erth, F W Millett, **XII**: 719-720, 1903.
- Geological Notes No 2: Supplementary notes on the distribution of fossils on the north coast of Cornwall south of the Camel: Cornish radiolarian cherts, H Fox, **XII**: 753-759, 1904.
- Further Notes on the Devonian Rocks & Fossils in the parish of St Minver, H Fox, **XIII**: 33-87, 1905.
- The Discovery in West Cornwall of a Silurian Crinoid Characteristic of Bohemia, F A Bather, **XIII**: 191-197, 1907.
- Trilobite in the Veryan Quartzite, H Fox, **XIII**: 233-236, 1908.
- Addenda to the Working List of Cornish Palaeozoic Fossils, J H Collins, **XIII**: 385-427, 1910.
- Note & Illustrations of a Fossil (cf. *Actinoceras Devonians*) found at Rope Haven, St Austell Bay, & now in the Truro Museum, J H Collins, **XIII**: 573, 1913.
- Animal Bones from South Devon, President's Address 1918, D G Whitley, **XV**: 197.
- Notes on Delabole Slate Quarry, E Leese & J Setchell, **XVII**: 41-47, 1937.
- The Royal Geological Society of Cornwall & Fossils, F C Fox, **XVII**: 247-255, 1947.
- Geological Succession & Structure in Western South Devonshire, E M L Hendricks, **XVIII**, 255-308, 1952.
- Trilobites of South West England, C J Stubblefield, **XIX**: 101-112, 1960.

Palaeozoic Palaeontology in Devon & Cornwall, M R House & E B Selwood [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*, 45-86, 1964.

Facies Variations in relation to Tectonic Evolution in Cornwall, E M L Hendriks, **XX**, 114-151, 1970.

4. STRATIGRAPHY

On the killas group of Cornwall & South Devon; its relations to the subordinate formations in Central & North Devon & West Somerset; its natural sub-divisions & its true position in the scale of British Strata. The Revd D Williams, **VI**: 122-138, 1843.

On the Silurian remains in the strata of the south-east coast of Cornwall, R Q Couch, **VI**: 147-149, 1844.

On the Carboniferous System in Cornwall, S R Pattison, **VI**: 267-275, 1846.

A brief review of the classification of the Sedimentary Rocks of Cornwall, Sir R I Murchison, **VI**: 317-326, 1846.

On an important slate term in the killas series of Cornwall & South Devon, not sufficiently adverted to in my former classification of that group as communicated to the society in 1843, with additional proofs in confirmation of the true geological position of the Ocrynian or Devonian system. The Revd D Williams, **VI**: 334-347, 1846.

On the several volcanic interferences, which alternate & are concurrent with, & eventually supercede, the depositions of the Old Red Sandstone of the British Isles, The Revd D Williams, **VII**: 65-68, 1848.

On the geology of the south coast of Cornwall, S R Pattison, **VII**: 208-210, 1852.

A notice of the discovery of land plants & shells in the Old Red Sandstone of Caithness, NB, C W Peach, **VII**: 230-232, 1854.

Illustrations of the geology of East Cornwall from the Boulonnais, S R Pattison, **VII**: 246-248, 1854.

A note on the fossil flora of the Lower Old Red Sandstone of Wick, Caithness, NB, C W Peach, **VII**: 289-262, 1854.

The Silurian fauna of Cornwall, R Q Couch, **VII**: 300-308, 1856.

On the geological age of the Dartmoor granites, W Pengelly, **VII**: 419-432, 1863.

Enquiry into the age of that part of the district of the Maritime Alps which surrounds Mentone, Miss E C T Carne, **VII**: 433-440, 1863.

On the co-relation of the slates & limestones of Devon & Cornwall with the Old Red Sandstones of Scotland, W Pengelly, **VII**: 441-445, 1863.

[Silurian in Cornwall], President's Address 1848, Sir C Lemon, **VII**: 11-12.

[Coal Deposits & Fossils], President's Address 1848, Sir C Lemon, **VII**: 11-12.

[Silurian in Cornwall], President's Address 1850, Sir C Lemon, **VII**: 9-15
Stratigraphy of Cornwall, President's Address 1864, C Fox, **IX**: 8.

Geological Time. President's Address 1864, C Fox, **IX**: 13.

- The Evolution Hypothesis, President's Address 1864, C Fox, **IX**: 14.
- Devonian Rocks of North Devon, President's Address 1866, C Fox, **IX**: 8.
- Miocene Flora of Greenland, President's Address 1866, C Fox, **IX**: 13.
- Geological Time, President's Address 1868, H S Tremenheere, **IX**: 19.
- Sub-Wealden Boring in Sussex, President's Address 1875, W W Smyth, **IX**: xx.
- Table of British & Foreign Devonian Fossils, President's Address 1877, W W Smyth, **IX**: xxvi.
- [Prof Jukes on Upper Palaeozoic Stratigraphy] President's Address 1878, W W Smyth, **IX**: xx.
- Preliminary note on the Stratigraphy of West Cornwall, J H Collins, **X**: 1-7, 1879.
- The Devonian rocks between Plymouth & East Looe, W A E Ussher, **X**: 70-81, 1880.
- Notes on the Geology of the South-east border of Cornwall, R N Worth, **X**: 103-106, 1880.
- The Cornish Trias, R N Worth, **X**: 229-239, 1886.
- Fossil Mussels from Coal-beds in South Wales, President's Address 1880, A P Vivian, **X**: xc.
- The Pliocene deposit at St Erth, President's Address 1884, W W Smyth, **X**: ccxxii.
- The Pliocene beds of St Erth, R G Bell, **XI**: 45, 1887.
- The Devonian rocks as described by De la Beche, interpreted in accordance with recent researches, W A E Ussher, **XI**: 273-326, 1891.
- Additional notes on the Cornish Trias, R N Bell, **XI**: 338-346, 1891.
- The succession of the Plymouth Devonians, R N Worth, **XI**: 381-389, 1892.
- The age & history of the granites of Devon & Cornwall, R N Worth, **XI**: 480-486, 1893.
- On the probable age of the Lizard rocks, A Somervail, **XI**: 662-668, 1895.
- Cornish Tertiaries, President's Address 1889, W W Smyth, 1889, **XI**: 132.
- The Quaternary epoch, President's Address 1889, W W Smyth, **XI**: 132.
- Mullion Island Cherts, President's Address 1894, H Fox, **XI**: 507.
- The Lower Palaeozoic Rocks of the south of Scotland viewed in connection with the Lower Palaeozoic rocks of Cornwall, J B Hill, **XII**: 258-277, 1899.
- On some geological structures in West Cornwall, J B Hill, **XII**: 403-430, 1901.
- The sequence of the Lizard rocks, H J Lowe (1st paper), **XII**: 438-466, 1901.
- The sequence of the Lizard rocks (2nd paper), H J Lowe, **XII**: 507-534, 1902.
- The discovery in West Cornwall of a Silurian crinoid characteristic of Bohemia, F A Bather, **XIII**: 191-197, 1907.
- Statigraphical Notes, President's Address 1927, F J Stephens, **XV**: 539.
- The recent geology of Cornwall: a review, J Robson, **XVII**: 132-163, 1945.
- Carboniferous deposits in Cornubia, D E Owen, **XIII**: 65-104, 1950.

- The Plymouth limestones, P W Taylor, **XIII**: 146-214, 1951.
The Gramscatho Series, E M L Hendriks, **XVIII**: 50-64, 1950.
Geological succession & structure in Western South Devonshire, E M L Hendriks, **XIII**: 255-308, 1952.
Upper Devonian / Carboniferous stratigraphy in the Boscastle area, A E Batstone, **XIX**: 321-327, 1966.
Palaeozoic Palaeontology in Devon & Cornwall, M R House & E B Selwood [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*. 45-86, 1964.
Facies Variations in relation to Tectonic Evolution in Cornwall, E M L Hendriks, **XX**: 114-151, 1970.
Excavations in the Upper Devonian & Carboniferous Rocks near Chudleigh, South Devon, M R House & N E Butcher, **XX**: 199-220, 1972.
Stratigraphy & Sedimentation in West Cornwall, A C Wilson & R T Taylor, **XX**: 246-259, 1976.
Hercynian regional & contact metamorphism in Upper Devonian & Lower Carboniferous metasediments in the Launceston & Lydford area of South West England, K P Isaac, **XXI**: 97-112, 1982.
Late Pleistocene Stratigraphy of North & West Cornwall, J D Scourse, **XXII**: 2-56, 1996.

5. STRUCTURE

- Notice of some circumstances connected with the Heave of a copper lode by a Flucan vein, in the Consolidated Mines, Gwennap, W J Henwood, **III**: 329-331, 1828.
Some observations made in Cornwall, in the Summer of 1829, J Hawkins, **IV**: 40-46, 1832.
Remarks on the Minor Fractures of Rocks, illustrated by specimens, N Whitley, **VI**: 104-105, 1843.
An account of an extraordinary Movement of the Sea in Cornwall, in July 1843, with notices of similar movements in previous years, & also of Earthquakes which have occurred in Cornwall, R Edmonds, **VI**: 111-121, 1843.
On remarkable Lunar Periodicities in Earthquakes, Oscillations of the Sea, & great Atmospherical Changes. R Edmonds, **VI**: 196-210, 1844.
Lunar Periodicities in Earthquakes, & great Atmospherical Changes - also, some remarkable Hygrometrical Facts connected with recent Earthquakes, R Edmonds, **VI**: 259-264, 1845.
On Earthquakes - their contemporaneous occurrence in very distant localities: & their connection with remarkable states of the Atmosphere, R Edmonds, **VII**: 164-167, 1850.
Notes on the Foliation & Cleavage of the Cornish Slates, R Q Couch, **VII**: 273-278, 1855.
An account of an Earthquake-shock on the 30th of May, 1855, & of an Extraordinary Agitation of the Sea on the 6th of June, 1855, in Penzance,

- with observations on the cause of the latter, R Edmonds, **VII**: 279-284, 1855.

On the strike of the slate-beds in Cornwall & Devon, N Whitley, **VII**: 336-338, 1858.

An account of the Extraordinary Agitations of the Sea in the West of England, on the 25th & 26th of June & the 4th of October, 1859 - with Notices of the Earthquake shocks in Cornwall on the 11th November, 1858, & the 21st of October, 1859, R Edmonds, **VII**: 355-368, 1860.

An account of the Earthquake-shock in Cornwall on the 13th January, 1860, R Edmonds, **VII**: 381-387, 1860.

Enquiry into the Nature of the Forces that have acted on the Formation & Elevation of the Land's End Granite, Miss E C T Carne, **IX**: 132-151, 1875 (posthumous publication).

Earthquakes & Volcanoes. President's Address 1883, W W Smyth, **X**: cxc.

The Eruption of Krakatoa. President's Address 1886, W W Smyth, **X**: cclxvii.

On some remarkable Contortions of Rocks at Rosemullion Head, F J Stephens, **XI**: 544-550, 1894.

Earthquakes, President's Address 1887, W W Smyth, **XI**: 15.

On some Geological Structures in West Cornwall, J B Hill, **XII**: 403.

On the Geological Structure of Western Cornwall, V Green, **XIII**: 284-296, 1909.

Change of axis of rotation of the Earth, President's Address 1896, T R Polwhele, **XII**, 12.

The Zonary Structure of the Earth, R H Rastall, **XV**: 549-559, 1927.

Cataclastic Structure in a Greenstone Rock from Porthluney Cove, Cornwall, J M Coon, **XV**: 560-566, 1927.

The Structure of Cornwall, President's Address 1932, J Robson, **XVII**: 227-243.

Lode Trend from Dartmoor to Bodmin Moor & the Shape of the Buried Granite Ridge, W R Dearman, **XIX**: 280-285, 1965.

Recent Geophysical Studies in South-West England, M H P Bott & P Scott [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*, 25-44, 1964.

Tectonics & Granite Emplacement on the North-West margin of Dartmoor, Devonshire, W R Dearman, **XX**: 45-64, 1968.

Facies Variations in relation to Tectonic Evolution in Cornwall, E M L Hendriks, **XX**: 114-151, 1970.

6. GEOCHEMISTRY

Oxidation Phenomena of the Cornish Lodes, K F G Hosking, **XVIII**: 120-145, 1951.

Applied Geochemistry: Studies in Cornwall, K F G Hosking, **XIX**: 52-83, 1959.

Chemical Characteristics of the Cements of the Godrevy "10ft" Raised Beach & of certain Deposition Pipes in the St Agnes Pliocene Deposits, Cornwall, K F G Hosking & J B Pisarski, **XIX**: 328-349, 1966.

7. GEOMORPHOLOGY & QUATERNARY GEOLOGY

Vegetable Remains in the Basin at Porthleven, J Rogers, **I**: 236-237, 1818.

Observations on the Submersion of part of the Mount's Bay & on the Inundation of Marine Sand on the north coast of Cornwall, H Boase, **II**: 129-144, 1822.

An account of the Alluvial Depositions at Sandrycock, P Rashleigh, **II**: 281-284, 1822.

Observations of the Alluvial Strata of Porth, Sandrycock, & Pentuan, J Hawkins, **II**: 285-289, 1822.

Some observations on the Alluvial Formations of the Western part of Cornwall, H S Boase, **III**: 17-34, 1828.

On the singular state of some Ancient Coins lately found in the sands of Hayle &, on the evidence deducible from them relative to the period of the earliest deposition of sand on the Northern Coast of Cornwall, J Carne, **III**: 136-149, 1828.

On the Sand Banks of the Northern Shores of Mount's Bay, H S Boase, **III**: 166-191, 1828.

A Description of Happy-Union Tin Stream Work at Pentuan, J W Colenso, **IV**: 29-39, 1832.

A Description of the Stream-Work at Drift Moor, near Penzance, J Carne, **IV**: 47-56, 1832.

On some of the Deposits of Stream Tin-Ore in Cornwall, with remarks on the Theory of that Formation, W J Henwood, **IV**: 57-69, 1832.

On a very singular Deposit of Alluvial Matter on St Agnes Beacon, & on the Granitical Rock which occurs in the same formation, J Hawkins, **IV**: 135-144, 1832.

Notice of Wood & Peat found below high water mark on the beach at Maenporth in Cornwall. The Revd J Rogers, **IV**: 481-483, 1832.

On the Conglomerate & Raised Beaches of the Lizard District, The Revd E Budge, **VI**: 1-11, 1841.

On the tract of land called the Lowlands in the Parish of St Keverne, The Revd E Budge, **VI**: 59-63, 1842.

On Diluvial action, as exemplified in the Gravel-beds & Sienitic formation of Crousa-Down, in the Parish of St Keverne, The Revd E Budge, **VI**: 91-98, 1843.

Notice of the remains of a Submarine Forest in the north-eastern part of Mount's Bay, J Carne, **VI**: 230-235, 1845.

On the origin of the sand-hillocks of St Ives Bay, Whitesand Bay, & Mount's Bay, R Edmonds, **VI**: 301-304, 1846.

Notice on the St Agnes Beacon, R Newton, **VI**: 354-356, 1846.

- Notice on the stump of a tree found in a cutting of a drain at Heligan, Sir C Lemon, **VII**: 28-30, 1847.
- On the rapid diminution of the Sand-banks in Mount's Bay, R Edmonds, **VII**: 31-33, 1847.
- On some Post-tertiary deposits in Cornwall, S R Pattison, **VII**: 34-36, 1847.
- Notice of Land shells found beneath the surface of sand-hillocks on the coasts of Cornwall, R Edmonds, **VII**: 70-71, 1848.
- Notice of a Raised Beach lately discovered at Zennor, J Carne, **VII**: 176-178, 1851.
- Notice of the Occurrence of the Horns & Bones of several species of Deer in the Tin Works of Cornwall, R Q Couch, **VII**: 185-192, 1851.
- The effects of Geological structure, & the action of the waves on the Geographical outline of Cornwall, N Whitley, **VII**: 220-222, 1852.
- Notes on the Bones found in the Alluvial Deposits of Cornwall, R Q Couch, **VII**: 233-235, 1854.
- On the recent deposits at the mouth of the River Taw, etc, N Whitley, **VII**: 236-238, 1854.
- On the Zoology of the Post-tertiary Deposits of Cornwall, R Q Couch, **VII**: 263-271, 1854.
- On the Chalk Flints & Green-sand fragments, found on the Castle Down of Tresco, one of the Islands of Scilly, A Smith, **VII**: 343-344, 1860.
- On the effects of the Granite-joints on the Physical geography of Penwith, N Whitley, **VII**: 349-351, 1860.
- Strata of the Cober Valley, Loe Pool, near Helston, J J Rogers, **VII**: 352-354, 1860.
- On the evidence to be derived from Cliff Boulders, with regard to a former condition of the land & sea, in the Land's End district, Miss E C T Carne, **VII**: 369-378, 1860.
- On the supposed uniform height of Contemporary Raised Beaches, W Pengelly, **VII**: 446-448, 1863.
- Memorandum on the Discovery of Hazel-nuts in Tin-stream at St Hilary, T Cornish, **IX**: 98-99, 1875.
- On Traces of Glacial Action on the Great Cairn, near Gorran Haven, Cornwall, C W Peach, **IX**: 105-108, 1875.
- The Geology of Penzance Bay & its Shores, N Whitley, **IX**: 109-113, 1875.
- On the Bones of a Whale found at Pentuan, now in the Museum of the Royal Geological Society of Cornwall, W H Flower, **IX**: 114-121, 1875.
- Enquiry into the Nature of the Forces that have acted on the Formation & Elevation of the Land's End Granite, Miss E C T Carne, **IX**: 132-151, 1875 (posthumous publication).
- On a Deposit of Quartz Gravel at Blue Pool, in Crowan, W Tyack, **IX**: 177-181, 1875.
- On some Beds of Sand & Clay in the Parish of St Agnes, Cornwall, A T Davies & B K Kitto, **IX**: 196-204, 1877.
- Formation of Valleys, President's Address 1866, C Fox, **IX**: 9.
- Cavern Explorations, President's Address 1867, C Fox, **IX**: 21.

- Changes of Level on the Cornish Coasts, President's Address 1872, W W Smyth, **IX**: 13.
- On the Recent Geology of the Cornish Coast near Padstow, (Abstract), W A E Ussher, **X**, 58-62, 1879.
- The Evidence of Glacial Action Cornwall & Devon, N Whitley, **X**: 132-141, 1882.
- Notes on some Teeth from a Stone-house Bone Cave, R N Worth, **X**: 165-168, 1883.
- The Raised Beaches on Plymouth Hoe, R N Worth, **X**: 204-212, 1885.
- Notes on the Fossil Foraminifera of the St Erth Clay Pits, F W Millett, **X**: 213-216, 1885.
- Additional Notes on the Foraminifera of the St Erth Clay, F W Millett, **X**: 222-226, 1886.
- On the Abrading Action of a Stone kept in motion by a Current of Water, F W Millett, **X**: 227-228, 1886.
- Mr Ussher on the Quaternary Geology of Cornwall, President's Address 1879, W W Smyth, **X**: lxi.
- Earthquakes & Volcanoes, President's Address 1884; W W Smyth, **X**: cxc.
- The Eruption of Krakatoa, President's Address 1886, W W Smyth, **X**: cclxvii.
- The Formation of the Valleys of Mont Dore, President's Address 1881, A P Vivian, **X**: cxxv.
- On the Discovery of Human Remains in a Devonshire Bone Cave, R N Worth, **XI**: 105-112, 1888.
- Some Detrital Deposits associated with the Plymouth Limestone, R N Worth, **XI**: 151-162, 1889.
- A Geological Note, N Whitley, **XI**: 242, 1890.
- Notes on certain Illustrations of Subaerial Denudation due to Changes in Temperature, J H Collins, **XI**: 375-380, 1892.
- On the action of wind & sand in cutting stone, illustrated with specimens from New Zealand, J D Enys, **XI**: 533-535, 1894.
- On Raised Beaches, E A Wünsch, **XI**: 605-610, 1895.
- On a Logan Stone in the course of Formation of St Michael's Mount, E A Wünsch, **XI**: 669.
- Earthquakes, President's Address 1887, W W Smyth, 1887, **XI**: 15.
- Rate of Formation of Shingle, President's Address 1894, H Fox, **XI**: 585.
- Channel & Local Drift. President's Address 1894, H Fox, **XI**: 586.
- Rate of Formation of Shingle, President's Address 1895, T R Polwhele, **XI**: 585.
- The Submarine Forest Bed at Maenporth near Falmouth, S Roberts, **XII**: 58-64(2), 1897.
- On the probable causes of the seeming absence of Palaeolithic Man from Cornwall, A Somervail, **XII**: 167-173, 1898.
- The Submerged Forests, President's Address 1899, J D Enys, **XII**: 193-204(2).

- Alluvial Deposits in the lower portion of the Red River Valley, near Camborne, F J Stephens, **XII**: 324-325, 1900.

8. MINERALOGY

Observations on a remarkable change which Metallic Tin undergoes, under peculiar circumstances, & on its partial conversion into a Muriate of Tin, W Gregor, **I**: 51-59, 1818.

Observations on the process for making the different Preparations of Arsenic, which are practised in Saxony, & on those for preparing Smalt or Cobalt, as pursued in Bohemia, J H Vivian, **I**: 60-70, 1818.

On Kupfer-Nickel, W Gregor, **I**: 224-225, 1818.

On Stalactites, A Majendie, **I**: 226, 1818.

Gregorite (Menacchanite) discovered at Lanarth, J A Paris, **I**: 226, 1818.

A new substance, found accompanying "Welsh Culm", J A Paris, **I**: 229-231, 1818.

Observations on Gold found in the Tin Stream Works of Cornwall, C Hawkins, **I**: 235-236, 1818.

Contributions towards a knowledge of the Geological History of Wood Tin, A Majendie, **I**: 237-239, 1818.

Notice Relative to the Formation of Swimming Stone, J Carne, **I**: 239-240, 1818.

On the relative age of the veins of Cornwall, J Carne, **II**: 49-128, 1822.

On the Mineral Productions & the Geology of the Parish of St Just, J Carne, **II**: 290-358, 1822.

Notice of the Native Copper of Condurrow Mine, E W W Pendarves, **III**: 333-334, 1828.

Some Observations on Metalliferous Veins, & their Electro-magnetic Properties, R W Fox, **IV**: 21-28, 1832.

Notice of Pseudomorphous Crystals of Oxide of Tin found in Head Coates Mine, in St Agnes in the year 1828, S Davy, **IV**: 484-485, 1832.

On the Electric Currents observed in rocks & veins, W J Henwood, **V**: 445-460, 1843.

On the Pseudomorphous Minerals found in Cornwall illustrative of a replacement of ore mineral substance by another, J Carne, **VI**: 24-31, 1841.

Some Account of the Porcelain Earth found in the Kingdom of Saxony & in the Principality of Passau & of the circumstances under which it occurs, collected from the German publications, J Hawkins, **VI**: 32-40, 1841.

Notice of a Vegeto-Metallic Specimen found near Falmouth, R W Fox, **VI**: 76, 1842.

Notice of Pseudomorphous crystals of Quartz lately found in the St Ives Consols Tin Mine, J N R Millett, **VI**: 77-78, 1842.

On the relative position of the yellow & vitreous Sulphurets of copper in the lode of Pembroke Mine, R Taylor, **VI**: 99-100, 1843.

Notice of the discovery of a quantity of Pitchblende, at the Providence Mines, near St Ives, I Penberthy, **VI**: 106-107, 1843.

Observations on the Condurrite & Native copper, as found at Wheal Druid, J Garby, **VI**: 194-195, 1844.

Notice of the occurrence of Gold in a cross-course in Cornwall in a letter from J Garby, **VI**: 265-266, 1845.

- A Catalogue of Minerals found in Cornwall, with their localities, J Garby, **VII**: 72-92, 1848.
- On the change which takes place in Copper Pyrites under the influence of a Galvanic current, S Pidwell, **VII**: 127-131, 1850.
- On the Geological associations of Tellurium, J Henwood, **VII**: 228-229, 1854.
- Diamonds of South Africa. President's Address, H S Tremenheere, 1870, **IX**: 15(6).
- Observations on Metalliferous Deposits, W J Henwood, **VIII**: 1-722, 1871.
- Discovery of Tin in Queensland. President's Address, W W Smyth, 1873, **IX**: 39.
- A Contribution to the Theory of Mineral Veins, R Hunt, **IX**: 22-25, 1875.
- Some Observations on the Magnesite of Silesia, L Squire, **IX**: 59-70, 1875.
- Note on Chrome Iron in the Serpentine of the Lizard, R Pearce, **IX**: 99-100, 1875.
- Memorandum on Pitchblende in Colorado, R Pearce, **IX**: 102, 1875.
- Notes on Pitchblende in Cornwall, R Pearce, **IX**: 103-104, 1875.
- On the Place & Mode of Occurrence of the Mineral &rewsite, C Le Neve Foster, **IX**: 163-164, 1875.
- Bischoff's Chemico-mineralogical Researches, President's Address 1876, W W Smyth, **IX**: xvi.
- Daubr e on Minerals of Bourbonne-les-Bains, President's Address 1876, W W Smyth, **IX**: xvi.
- Professor Daubr e on Stanniferous Deposits, President's Address 1879, W W Smyth, **X**: lxi.
- On the Rock-salt & Carnallite Deposits of Stassfurt & neighbourhood, near Magdeburg, J Garland, **X**: 18-32, 1879.
- Plumosite & Amazon Stone, President's Address 1880, A P Vivian, **X**: lxxxix.
- On the Occurrence of Feather Ore (Plumosite) in Foxdale Mine, Isle of Man, W W Smyth, **X**: 82-89, 1880.
- Note on the Occurrence of Stanniferous Deerhorns in the Tin-gravels of Cornwall, J H Collins, **X**: 98-100, 1880.
- On the Occurrence of Cobalt Ore in Flintshire, C Le Neve Foster, **X**: 107-112, 1882.
- On the Nickeliferous Pyrites of Berg Nickel Mine in the Isle of Man, C Le Neve Foster, **X**: 161-164, 1883.
- The Umber Deposits of Ashburton, R J Frecheville, **X**: 217-219, 1885.
- Note to accompany a Specimen of Native Gold from Leadville, Colorado, C Le Neve Foster, **X**: 220-221, 1885.
- Apatite from Levant Mine, Cornwall, R H Solly, **X**: 240-244, 1886.
- On a supposed resemblance between the occurrence of Native Copper in the Lake Superior & Lizard Areas. F J Stephens, **XI**: 680-683, 1895.
- Phenomena of Lodes, President's Address 1889, W W Smyth, **XI**: 186.
- Przibram Mines. President's Address 1889, W W Smyth, **XI**: 191.
- Picotite in Serpentine, H Fox, **X**: 336-337, 1891.

- Recent discoveries of Gold in West Cornwall, F J Stephens, **XIII**: 241-257, 1899.
- Formation of Mineral Veins. President's Address 1902, C Le Neve Foster, **XII**: 475-482.
- A Trachytic Boulder (from the Bassick Mine, Colorado), R Pearce, **XII**: 760, 1904.
- A Cross-Section & some notes on the Tin & Copper Deposits of Camborne, with special reference to the Limits of productive Ore ground, D A MacAlister, **XII**: 773-775, 1904.
- Notes on the Occurrence of Pseudomorphs of Oxide of Tin after some unknown mineral from Bolivia, R Pearce, **XIII**: 150-152, 1906.
- The Application of so-called 'Rare' Metals to Modern Commercial Use, F J Stephens, **XIII**: 466-479, 1911.
- On the Geological History of William's Lode in King Edward Mine, Camborne, P B Lees, **XIII**: 611-641, 1914.
- On the Mode of occurrence of Cassiterite in some Cornish Rocks & Veinstones, E H Davison, **XV**: 279-285, 1925.
- On the Microscopical Determination of Cassiterite in rock sections, J M Coon, **XV**: 337-342, 1925.
- Note on an Alluvial Pebble from Nanpuska, near Gwinear, E H Davison, **XV**: 367-368, 1925.
- Notes on the Occurrence & Origin of Turquoise in the Sinai Peninsula, J C Davey, **XVI**: 43, 1929.
- The Mineral Associations of Tin Lodes, President's Address 1933, E H Davison, **XVI**: 256-277, 1933.
- Pseudomorphs of Cassiterite, etc, after Felspar at Wheal Coates, St Agnes, Cornwall, J M Coon, **XVI**: 297-310, 1933.
- The Genesis of Cassiterite in Cornish Lodes, E H Davison, **XVI**: 323-330, 1935.
- The Shore Sands of Cornwall & Devon from Land's End to the Taw-Torridge Estuary, A Stuart & B Simpson, **XVII**: 13-40, 1937.
- The Leaching of Granite & some other Rocks, E H Davison, **XVII**: 30-34, 1940.
- Gold in some Mica-Bearing Pegmatites of the Venezuelan Andes, J C Davey, **XVII**: 121-131, 1945.
- Uranium Ores in Cornish Mines, C C James, **XVII**: 256-268, 1947.
- Notes on New Exposures (Garnetiferous Veinstone, Holman's Quarry, Troon ; Veinstones, Castle-an-Dinas, St Columb; Amphibolite, Treviskey, nr Lanner, Redruth), J Robson, **XVII**: 345-348, 1947.
- Cornish Mineral Index, **XVII**: 455-475, 1949.
- Oxidation Phenomena of the Cornish Lodes, K F G Hosking, **XVIII**: 120-145, 1951.

- Mineralogical Aspects of Pneumokoniosis, W D Evans, **XVIII**: 357-378, 1952.

New Occurrences of Rare Copper & other Minerals, A W G Kingsbury, **XVIII**: 386-406, 1954.

Cornish Mineral Index, (Amendments) **XVIII**: 406-410, 1954.

Tungsten in Cornwall, J P R Polkinghorne, **XVIII**: 510-525, 1957.

The Significance of the Variable Iron Content of the "Wolframites" of the West of England, K F G Hosking & J P R Polkinghorne, **XVIII**: 526-534, 1957.

A New Occurrence of Fluellite in Cornwall & its Paragenesis, A W G Kingsbury, **XIX**: 42-51, 1959.

A Re-examination of an alleged stanniferous Deer's-Horn from the Cornish Tin-Bearing Alluvials, K F G Hosking, **XIX**: 154-161, 1960.

The Shape of the Mineral Deposits in the Lower Culm Measures of North-West Dartmoor, W R Dearman & M A H El-Sharkawi, **XIX**: 286-296, 1965.

Permo-Carboniferous & later Primary Minearalisation of Cornwall & South-West Devon, K F G Hosking

[in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 201-245, 1964.

Some minerals of special interest in South-West England, A W G Kingsbury [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 247-266, 1964.

Distribution of SiO₂, the Alkalis, Total Fe & Mg in the Granitic plutons of Devon & Cornwall, P A Floyd, **XX**: 21-44, 1968.

Mineralisation & Paragenesis at Dean Quarry, The Lizard, Cornwall, A F Seager, **XX**: 97-113, 1970.

Recent Advances in concepts of ore genesis in South West England, M G Thorne & R P Edwards, **XX**: 113-152, 1985.

The occurrence, nature & genesis of wood tin in South-West England, K F G Hosking, G J Stanley & G S Camm, **XX**: 153-212, 1987.

Historical & Geological Aspects of the China Clay Industry of South-west England, C M Bristow & C S Exley, **XX**: 247-314, 1994.

Review of Cornish stanniferous placers, with special reference to offshore placers of Quaternary age on the South Coast, G S Camm, **XXII**: 57-88, 1999.

The contribution of a trio of Cornish geologists to the development of 18th century mineralogy, R J Cleavelly, **XXII**: 89-120. 2000.

9. MINES & MINING

A sketch of the Plan of the Mining Academies of Freiberg & Schemnitz, J H Vivian, **I**: 71-77, 1818.

On the Accidents which occur in the Mines of Cornwall, in the consequence of the premature Explosion of Gunpowder in blasting Rocks & the Methods to be adopted for preventing it, by the introduction of a Safety Bar, & an instrument termed the Shifting Cartridge, J A Paris, **I**: 78-96, 1818.

- On the Discovery of Silver in the Mines of Cornwall, J Carne, **I**: 118-126, 1818.
- On Submarine Mines, J Hawkins, **I**: 127-142, 1818.
- On some Remarkable Phenomena attending the Lodes of Polgooth Tin Mine, J Hawkins, **I**: 143-153, 1818.
- Remarks on the Salt Mines of Wielitska in Poland & of Salzburg in Germany, J H Vivian, **I**: 154-167, 1818.
- On a Process of refining Tin, J Hawkins, **I**: 201-211, 1818.
- On the introduction of the Steam Engine to the Peruvian Mines, H Boase, **I**: 212-223, 1818.
- On a Cavern in Dolcoath Mine, J Rule, **I**: 225, 1818.
- Queries proposed to Captains of Mines, & other persons connected with the practical part of Mining, J Hawkins, **I**: 242-246, 1818.
- Queries respecting Lodes, J Hawkins, **I**: 246-249, 1818.
- An account of Tin raised in Cornwall in the years 1815-1817, **I**: 250-251, 1818.
- An account of the Produce of all the Copper Mines in Cornwall, in Ore, Copper & Money for the year 1815-1817, **I**: 252-261, 1818.
- Quantity of Copper produced in Great Britain & Ireland in the years 1815-1817, **I**: 262-263, 1818.
- On the Temperature in Mines, R W Fox, **II**: 14-28, 1822.
- On the Stratified deposits of Tin-Stone called Tin-Floors, & on the diffusion of Tin-Stone through the moss of some primitive rocks, J Hawkins, **II**: 29-48, 1822.
- On the Temperature of Mines, J Forbes, **II**: 159-217, 1822.
- On the Phenomena of Intersected Lodes, & the legitimate Inferences which may be drawn from them, J Hawkins, **II**: 225-231, 1822.
- On the Intersections of Lodes in the direction of their Dip or Underlie, J Hawkins, **II**: 232-241, 1822.
- On the Tin-Ore of Botallack & Levant, H S Boase, **II**: 383-403, 1822.
- On the Temperature of the Cornish Mines, M P Moyle, **II**: 404-415, 1822.
- An Account of Tin raised in Cornwall in the years 1817-1821, **II**: 424-425, 1822.
- An Account of the Annual Produce of the Tin Mines of Cornwall from the year 1750-1821 inclusive, **II**: 426, 1822.
- An Account of the Annual produce of the Copper Mines of Cornwall, in ore, copper, & money, in the years ending 30th June 1818-1822. **II**: 428-437, 1822.
- An Account of the Annual Produce of the Copper Mines of Cornwall from the year 1771-1822, **II**: 438-439, 1822.
- Quantity of Copper produced in Great Britain & Ireland, in the years ending 30th June 1818-1822, **II**: 440-444, 1822.
- On the Period of the Commencement of Copper Mining in Cornwall &, on the improvements which have been made in Mining, J Carne, **III**: 35-85, 1828.
- Some further observations on the Temperature of Mines, T F Barham, **III**: 150-165, 1828.

- On a Singular exudation of Gas in the Union Mines, W J Henwood, **III**: 203-207, 1828.
- On the Tin of the Island of Banka, T S Raffles, **III**: 247-255, 1828.
- On the Produce of the Copper Mines of Europe & Asia, & particularly those of Armenia, J Hawkins, **III**: 256-312, 1828.
- Some further observations on the Temperature of Mines, R W Fox, **III**: 313-328, 1828.
- Notice of the Native Copper of Condurrow Mine, E W W Pendarves, **III**: 333-334, 1828.
- Notice of the work performed by the steam engines in the Mines of Cornwall, J Carne, **III**: 335-337, 1828.
- Notice of the Analysis of Copper Ore found at Huel Falmouth, which appears very much like the Buntkupfererz of Werner, J Mitchell, **III**: 338, 1828.
- Notice of the Analysis of Zinc Ore from Huel Ann, W Gregor, **III**: 338, 1828.
- Account of Tin raised in Cornwall in the years 1822-1826, **III**: 339-340, 1828.
- Account of Tin exported from Great Britain in the year ending 5th January 1837, **III**: 341, 1828.
- Account of the produce of the Copper Mines of Cornwall in the years ending 30th June 1823-1827, **III**: 354-358, 1828.
- Quantity of Copper produced in Great Britain & Ireland, in the years ending 30th June 1823-1827, **III**: 354-358, 1828.
- Account of Copper exported from Great Britain in the year ending 5th January 1827, **III**: 359, 1828.
- Account of Sundry Minerals exported from Cornwall in the year 1826, **III**: 360, 1828.
- Some Observations on Metalliferous Veins, & their Electro-Magnetic Properties, R W Fox, **IV**: 21-28, 1832.
- A Description of Happy-Union Tin Steam Work at Pentuan, J W Colenso, **IV**: 29-39, 1832.
- A Description of the Stream-Work at Drift Moor, near Penzance, J Carne, **IV**: 47-56, 1832.
- On some of the Deposits of Stream Tin-Ore in Cornwall, with remarks on the Theory of that Formation, W J Henwood, **IV**: 57-69, 1832.
- On the state of our Tin Mines at different periods until the commencement of the Eighteenth Century, J Hawkins, **IV**: 70-94, 1832.
- An Account of the Discovery of some varieties of Tin-Ore in a Vein, which have been considered peculiar to streams, with remarks on Diluvial Tin in general, J Carne, **IV**: 95-112, 1832.
- On the Manipulations to which the Ores of Tin & Copper are subjected in the central Mining District of Cornwall, W J Henwood, **IV**: 145-165, 1832.
- Some account of the Soft Growan at Beam Mine in the Parish of Roche & at Carclaze Mine, in the Parish of St Austle [sic], J Hawkins, **IV**: 475-480, 1832.

- Notice of Pseudomorphous Crystals of Oxide of Tin, found in Huel Coates Mine, in St Agnes in the Year 1828, S Davey, **IV**: 484-485, 1832.
- Notice of some Records having reference to the commencement of Copper Mining in Cornwall & Devon, G S Borlase, **IV**: 486-489, 1832.
- Notice of the Work performed by the Steam-Engines in the mines of Cornwall [in the year 1831], **IV**: 490, 1832.
- Notice of the Quantity of Tin raised in Cornwall & Devon [in the years 1827 - 1831], **IV**: 491, 1832.
- An Account of the Produce of the Copper mines of Cornwall in Ore, Copper & Money, in the years ending 30th June 1828-1832, **IV**: 492-496, 1832.
- Quantity of Copper produced in Great Britain & Ireland in the years ending 30th June 1828-1832, **IV**: 497, 1832.
- Purchasers of the Copper-Ores of Great Britain & Ireland in the years 1828-1832, **IV**: 497, 1832.
- Notice of an ancient Smelting place of tin; generally called a Jew's House House, lately discovered on the estate of Trereife near Penzance, The Revd C V Le Grice, **VI**: 43-46, 1841.
- Report on the Tin of the Province of Mergui, in Tenasserim, in the northern part of the Malayan Peninsula, G B Tremenheere, **VI**: 68-75, 1842.
- A Sketch of the Origin of Mining Laws in Europe, J Hawkins, **VI**: 84-90, 1843.
- On the relative position of the yellow & vitreous sulphurets of copper in the lode of Pembroke Mine, R Taylor, **VI**: 99-100, 1843.
- An account of the Sark Mine, in the Island of Sark, J Prince, **VI**: 101-103, 1843.
- Notice of the discovery of a quantity of Pitchblende, at the Providence Mines, near St Ives, I Penberthy, **VI**: 106-107, 1843.
- On the Metalliferous Deposits of Cornwall & Devon, W J Henwood, **V**: 1-387, 1843.
- Observations on Subterranean Temperature in the Mines of Cornwall & Devon, W J Henwood, **V**: 387-412, 1843.
- On the Quantities of Water which enter the Cornish Mines, W J Henwood, **V**: 413-444, 1843.
- On the Electric Currents observed in rocks & veins, W J Henwood, **V**: 445-460, 1843.
- Statistical notices of the Mines of Cornwall & Devon, W J Henwood, **V**: 461-482, 1843.
- Descriptive Notice of Morro Velho Mine, Province of Minas Geraes & the directions of the relations between the structure of the containing rocks & the directions of the shoots of Gold in the Brazilian Mines, W J Henwood, **VI**: 143-146, 1844.
- Observations on the Mining Laws of Germany & some other Countries, Sir C Lemon, **VI**: 150-156, 1844.
- On the Geology of the Grassington Mines near Skipton, in Yorkshire, S Eddy, **VI**: 186-189, 1844.

- Notice of the Itabara & Santa Anna Mines, in Brazil, W J Henwood, **VI**: 227-229, 1845.
- On the Mining Laws of France, Sir C Lemon, **VI**: 238, 1845.
- On the Laws relating to Mines etc, M Migneron, **V**: 239-258, 1845.
- Notice of the occurrence of Gold in a Cross-Course in Cornwall, in a letter from J Garby. **VI**: 265-266, 1845.
- Notice of the Descoberta Gold Mine, in Brazil, W J Henwood, **VI**: 294-295, 1846.
- On the Argentiferous Lead Mines of the Sierra Almgrera on the south-east coast of Spain, J Mitchell, **VI**: 308-315, 1846.
- On certain peculiarities in the old Mining Laws of Mendip, Sir C Lemon, **VI**: 327-333, 1846.
- Notice respecting the Lead & Copper Ores of Glen Osmond Mines, three miles from Adelaide, South Australia, H S Tremenheere, **VI**: 348-350, 1846.
- Table of the quantity of fine Copper contained in British & Foreign Copper Ores sold at the Cornwall & Swansea Tickettings, from 30th June 1832 to 30th June 1846, **VI**: 357, 1846.
- An account of the quantity of Tin produced in Cornwall & Devon from 1832-1846, **VI**: 358, 1846.
- Notice of certain peculiar circumstances in Gwinear Consols & Wheal Seaton Mines, W W Rundell, **VII**: 37-39, 1847.
- Produce of Lead-Ore & Lead in the United Kingdom, for the years 1845 - 1846 from the returns made to the Mining Record Office, Museum of Practical Geology, R Hunt, **VII**: 41-45, 1847.
- Lead Ore & Lead Imported & Exported 1843-1846, **VII**: 45, 1847.
- Description of the Brazilian method of Washing (dressing) Gold, W J Henwood, **VII**: 69, 1848.
- An account of Copper produced in (& imported in ore into) Great Britain, in the year ending the 30th June 1849, **VII**: 111, 1849.
- An account of Tin produced in Cornwall & Devon from 1844-1849, both inclusive, **VII**: 112, 1849.
- An account of Lead produced in Great Britain & Ireland in the year 1848, **VII**: 113-114, 1849.
- Notice of the Discovery of several Rounded Stones in the Lode at South Wheal Frances Mine, J Rule, **VII**: 161-163, 1850.
- Observations on the Providence Mines, W J Henwood, **VII**: 179-184, 1851.
- On the Metalliferous Association of the Liskeard Rocks, J Giles, **VII**: 198-207, 1852.
- Observations on the Mining District of Sonora, Tuolumne County. California, W Vivian, **VII**: 216-219, 1852.
- A Day in the North Devon Mineral District, S R Pattison, **VII**: 223-227, 1854.
- On the Zinc & Lead Mines & the processes used in smelting the Ores at Stolberg & La Veille Montage, The Revd J Punnett, **VII**: 239-243, 1854.

- Notice of a Vein containing Diamonds, near Tijuco in Brazil, T Treloar, **VII:** 298-299, 1856.
- Notice of the Copper Mines at Alderley Edge, Cheshire, S Higgs, **VII:** 325-326, 1857.
- Observations on the Gold Fields of the Pacific & their probable extent, W Vivian, **VII:** 327-331, 1857.
- On the Iron Mines of Perran, W W Smyth, **VII:** 332-335, 1857.
- Notice of an issue of inflammable gas in the Morro Vehlo Gold Mine, Brazil, T Treloar, **VII:** 345-346, 1860.
- On some peculiar deposits of Tin in St Aubyn & Grylls Mine, H M Punnett, **VII:** 379-380, 1860.
- Observations on Metalliferous Deposits, W J Henwood, **VIII:** 1-722, 1871.
- Observations on Subterranean Temperature, W J Henwood, **VIII:** 723-784, 1871.
- Notice of an Accumulation of Carburetted Hydrogen, or "Fire Damp", in the Ding Dong Mine situated in the Parish of Madron, near Penzance, S Higgs, **IX:** 34-37, 1875.
- On the Occurrence of Metallic Ores with Garnet Rock; Note illustrating a series of Copper Ores from Belstone Consols, W W Smyth, **IX:** 38-45, 1875.
- Notes on the Quartz Reefs, or Lodes of Sandhurst, Victoria, Australia, W Nicholas, **IX:** 78-97, 1875.
- Note on Chrome Iron in the Serpentine of the Lizard, R Pearce. **IX:** 99-100, 1875.
- Note on a Granite Block at Halamanning, R James, **IX:** 101, 1875.
- Some Remarks on the Mining District of Yorkes Peninsula, South Australia, S Higgs, **IX:** 122-131, 1875.
- Remarks on the Lode at Wheal Mary Ann, Menheniot, with Diagrams, C Le Neve Foster, **IX:** 152-157, 1875.
- Notice of a Vugh in St Ives Consols Mine, J Gilbert **IX:** 158-160, 1875.
- Notice on Mount Bischoff, Tasmania, W Wellington, **IX:** 161-162, 1875.
- A Diamond Field, West Griqualand, South Africa, C Fox, **IX:** 165-166, 1875.
- Remarks upon the Tin Deposits of East Wheal Lovell, C Le Neve Foster, **IX:** 167-176, 1875.
- Notice on Mineral Lodes (Abstract), J Williams, **IX:** 184, 1875.
- On the Occurrence of Tin in an Elvan Course at Wheal Jennings, G Seymour, **IX:** 185-195, 1877.
- Remarks on some Tin Lodes in the St Agnes District, C Le Neve Foster, **IX:** 205-219, 1877.
- A New Tin Scheme or, Notes on Manufactured Articles of Pure Tin, W C Borlase, **IX:** 229-235, 1877.
- Haughton on the Granites of Donegal. President's Address 1864, C Fox, **IX:** 6.
- Sterry Hunt & Zirkel on Crystalline Rocks, President's Address 1864, C Fox, **IX:** 7.
- Californian Gold Reefs, President's Address 1865, C Fox, **IX:** 12.

- Coal-fields Commission, President's Address 1866, C Fox, **IX**: 11.
- Chemical Treatment of Cornish Ores, President's Address 1868, H S Tremenheere, **IX**: 14.
- The Tennasserim Tin Deposits, President's Address 1870. H S Tremenheere, **IX**: 13.
- Diamonds of South Africa, President's Address 1870, H S Tremenheere, **IX**: 15.
- Connection of Geology with Mining, President's Address 1873. W W Smyth. **IX**. 36.
- Deep Mines of Prizibram, President's Address 1873, W W Smyth, **IX**: 38.
- Discovery of Tin in Queensland, President's Address 1873, W W Smyth, **IX**: 39.
- Tin deposits of Tennasserim, President's Address 1873, W W Smyth, **IX**: 40.
- Deep Mines in Bohemia, President's Address 1875. W W Smyth, **IX**: xxi.
- Observations on Balleswidden Mine, T P Rowe & C Le Neve Foster, **X**: 10-17, 1879.
- On the Rock Salt & Carnallite Deposits of Stassfurt & neighbourhood near Magdeburg, J Garland, **X**: 18-32, 1879.
- Notes on the Van Mine, C Le Neve Foster, **X**: 33-46, 1879.
- On the Occurrence of Feather Ore (Plumosite) in Foxdale Mine, Isle of Man, W W Smyth, **X**: 82-89, 1880.
- On the Occurrence of Cobalt Ore in Flintshire, C Le Neve Foster, **X**: 107-112, 1882.
- Description of Besshi Copper Mine, in Japan, R J Frecheville, **X**: 113-119, 1882.
- The Duchy Peru Lode, Perranzabuloe, W W Smyth, **X**: 120-131, 1882.
- On a new method of ventilating 'Ends' by compressed air, W Teague, Jnr, **X**: 142-145, 1882.
- Notes on the Great Main Lode of Dolcoath, Cook's Kitchen, Tincroft & Carn Brea Mines, R J Frecheville, **X**: 146-156, 1883.
- On the Mines of the Province of Rio Grande Do Sul, Brazil, H Eddy, **X**: 157-160, 1883.
- On the Nickeliferous Pyrites of Berg Nickel Mine, in the Isle of Man, C Le Neve Foster, **X**: 161-164, 1883.
- Notes on Aberllefenny Slate Mine, C Le Neve Foster, **X**: 169-174, 1883.
- An Emanation of Carbonic Acid Gas at Foxdale Mine, in the Isle of Man, C le Neve Foster, **X**: 175-176, 1883.
- On the ancient Metallurgy of Cornwall (Abstract), A Taylor, **X**: 187-188, 1884.
- The Umber Deposits of Ashburton, R J Frecheville, **X**: 217-219, 1885.
- Cyprus & its Metallic Products, President's Address 1879, W W Smyth, **X**: xvii.
- Tin Production in Australasia, President's Address 1879, W W Smyth, **X**: xvii.
- The Cribbor Vawr Coal Vein, President's Address 1880, A P Vivian, **X**: xc.

- Geology & Mining of North America, President's Address 1885, W W Smyth, **X**: ccxxvi.
- Copper Mining at Tilt Cove, Newfoundland, J Garland, **XI**: 99-104, 1888.
- The Cerros of Famatina, F E Harman, **XI**: 163-174, 1889.
- Phenomena of Lodes, President's Address 1889, W W Smyth, **XI**: 186.
- Przibram Mines, President's Address 1889, W W Smyth, **XI**: 191.
- Photography in Mines, J C Burrow, **XI**: 621-633, 1895.
- Some notes on the Kergilliack Elvan, F J Stephens, **XI**: 674-679, 1895.
- On a supposed resemblance between the occurrence of Native Copper in the Lake Superior & Lizard Areas, F J Stephens, **XI**: 680-683, 1895.
- Recent discoveries of Gold in West Cornwall, F J Stephens, **XII**: 241-257, 1899.
- Notes on expediting Mine Survey Work, W Thomas, **XII**: 319-323, 1900.
- Alluvial Deposits in the lower portion of the Red River Valley, near Camborne, F J Stephens, **XII**: 324-325, 1900.
- Notes on the principal Lead-Bearing Lodes of the West of England, J H Collins, **XII**: 683-718, 1903.
- A Trachytic Boulder (from the Bassick Mine, Colorado), R Pearce, **XII**: 760, 1904.
- A Cross-Section & some notes on the Tin & Copper Deposits of Camborne, with special reference to the Limits of productive Ore ground, D A MacAlister, **XII**: 773-795, 1904.
- Formation of Mineral Veins, President's Address 1902, C Le Neve Foster, **XII**: 475-482.
- Development of Cornish Mining, President's Address 1904, J H Collins, **XII**: 732.
- State of Cornish Mining & Notes on the Genesis of Ores, President's Address 1906, R Pearce, **XIII**: 98.
- Notes on Ores & Processes etc, President's Address 1907, R Pearce, **XIII**: 161.
- A New Deep Well at Sheffield, Paul, T Maddern, **XIII**: 301-303, 1909.
- Notes on Mining, Past & Present, President's Address, 1911, J H Collins, **XIII**: 489-502.
- The Application of so-called 'Rare' Metals to Modern Commercial Use, F J Stephens, **XIII**: 466-479, 1911.
- Observations on the West of England Mining Region, J H Collins, **XIV**: 1-983, 1912.
- The Earliest Traces in Ancient History of the Tin Trade of Western Europe, D G Whitley, **XIII**: 515, 1912.
- Notes on the Heaves of the Great Lode of East Pool & Agar, J Jennings, **XIII**: 535-538, 1912.
- Notes on the State of Mining in Cornwall, President's Address 1913, J H Collins, **XIII**: 547-550.
- The Early Tin Trade of Cornwall according to Strabo's Geography, D G Whitley, **XIII**: 595-610, 1914.
- On the Geological History of William's Lode in King Edward Mine, Camborne, P B Lees, **XIII**: 611-641, 1914.

- The Excess Profits Tax & its effect upon the future of the Mining Industry, D S S Stewart, **XV**: 161-185, 1917.
- Accessible Minerals of wartime value in the West of England, F J Stephens, **XV**: 219, 1918.
- Notes on the Mining District between Camborne & Redruth North of the main road, F J Stephens, **XV**: 286-307, 1919.
- Notes on Mining, President's Address 1922, S James, **XV**: 349.
- Geological features of the Witwatersrandt & Observations during the working of Mines, President's Address 1923, S James, **XV**: 395.
- Geology of the New Tolgus Shaft, J C Davey, **XV**: 439-442, 1925.
- The History of Cornish Mining in relation to the Geology of the Area, E H Davison, **XV**: 491-500, 1926.
- The Orebodies of Bawdwin & their Mineralization, C T Sweet, **XV**: 566-577, 1927.
- Abstracts of Papers read at the Leeds Meeting of the British Association 1927 by E H Davison, (The Variation in the Composition of Cornish Granites & its relation to the Occurrence of Tin Lodes - The Cornish Pegmatites), **XVI**: 11-13, 1928.
- Notes on Fissure-Phenomena & Lode-Trend in the Dartmoor Granite, A Brammall, **XVI**: 15-27, 1928.
- Notes on the Occurrence & Origin of Turquoise in the Sinai Peninsula, J C Davey, **XVI**: 43-65, 1929.
- The Geology of the Gold River Area, Nova Scotia, E H Davison, **XVI**: 117-121, 1930.
- Some Notes on the West Devon Mining District, C F Barclay, **XVI**: 157-176, 1931.
- The Lateral Extent of Ore-shoots in the Primary Depth Zones of Cornwall, H G Dines, **XVI**: 279-296, 1933.
- The Mineral Associations of Tin Lodes, President's Address 1933, E H Davison, **XVI**: 256-264.
- Notes on Delabole Slate Quarry, C E Leese & J Setchell, **XVII**: 41-47, 1937.
- Gulula Coal Field & its Relation to the Coal Bearing series of the Karroo System, J Astrup, **XVII**: 11-29, 1940.
- Gold in some Mica-Bearing Pegmatites of the Venezuelan &es, J C Davey, **XVII**: 121-131, 1945.
- Mine Temperatures in West Cornwall, C C James, **XVII**: 164-173, 1945.
- Mineral Rights, D W Thomas, **XVII**: 179-191, 1946.
- Great Wheal Vor, C C James, **XVII**: 194-207, 1946.
- Uranium Ores in Cornish Mines, C C James, **XVII**: 256-268, 1947.
- Slate Mining - Redmoor Mine, Kelly Bray, Callington Counthouse Section, J P R Polkinghorne, **XVII**: 269-271, 1947.
- Production of Radium in Cornwall, M Gregory, **XVII**: 306-312, 1947.
- The Geology of South Tolgus Shaft, J C Davey, **XVII**: 361-367, 1948.
- The Diamond Deposits of the Venezuelan Guayana, J C Davey, **XVII**: 387-397, 1948.
- The Slate Industry, J Setchell, **XVII**: 410-426, 1949.

- The Geology & Mineralisation of Minas Geraes, Brazil, M Gregory, **XVII**: 476-492, 1949.
- Fissure Systems & Mineralisation in Cornwall, K F G Hosking, **XVIII**: 9-49, 1950.
- Oxidation Phenomena of the Cornish Lodes, K F G Hosking, **XVIII**: 120-145, 1951.
- The Bridford Baryte Mine, J P R Polkinghorne, **XVIII**: 240-254, 1952.
- Primary Ore Deposition in Cornwall, K F G Hosking, **XVIII**: 309-356, 1952.
- Mineralogical Aspects of Pneumokoniosis, W D Evans, **XVIII**: 357-378, 1952.
- The Physical Geology of the China Clay Deposits of S W England, L G Brown, **XIX**: 185-198, 1962.
- Mining & Shore-line Evolution near St Austell, Cornwall, C E Everard, **XIX**: 199-219, 1962.
- The Distribution of Tin & certain other "Heavy" Metals in the Superficial Portions of the Gwithian/Hayle Beach of West Cornwall, K F G Hosking & P M Ong, **XIV**: 351-392, 1966.
- Permo-Carboniferous & later Primary Mineralisation of Cornwall & South-West Devon, K F G Hosking [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*. 201-245, 1964.
- Notes on the Geology of Pendarves Mine, J R Hamilton, **XX**: 290-296, 1976.
- Recent Advances in concepts of ore genesis in South West England, M G Thorne & R P Edwards, **XXI**: 113-152, 1985.
- The occurrence, nature & genesis of wood tin in South-West England, K F G Hosking, G J Stanley & G S Camm, **XXI**: 153-212, 1987.

- Review of Cornish stanniferous placers - with special reference to offshore placers of Quaternary age on the South Coast, G S Camm, **XXII**: 57-88, 1999.

10. ECONOMIC GEOLOGY

- On stones & clays annually exported from Cornwall, for the purposes of Architecture, Manufactures, & the Arts, J A Paris, **I**: 231-234, 1818.
- An account of Tin Raised in Cornwall in the years 1815-1817, **I**: 250-251, 1818.
- An account of the Produce of all the Copper Mines in Cornwall, in Ore, Copper, & Money, for the years 1815-1817, **I**: 252-261, 1818.
- Quantity of Copper produced in Great Britain & Ireland in the Years 1815-1817, **I**: 262-263, 1818.
- On the Mineral Productions & the Geology of the Parish of St Just, J Carne, **II**: 290-358, 1822.
- An Account of Tin raised in Cornwall in the years 1817-1821, **II**: 424-425, 1822.

- An Account of the Annual Produce of the Tin Mines of Cornwall from the year 1750-1821 inclusive, **II**: 426, 1822.
- An Account of the Produce of the Copper Mines of Cornwall in ore, copper, & money in the years ending 30th June 1818-1822, **II**: 428-437, 1822.
- An Account of the Annual Produce of the Copper Mines of Cornwall from the year 1771-1822, **II**: 438-439, 1822.
- Quantity of Copper produced in Great Britain & Ireland, in the years ending 30th June 1818-1822. **II**: 440-444, 1822.
- On the intercourse which subsisted between Cornwall & the Commercial states of Antiquity; & on the state of the Tin-trade during the Middle Ages, J Hawkins, **III**: 113-135, 1828.
- On the Tin of the Island of Banka, T S Raffles, **III**: 247-255, 1828.
- On the Produce of the Copper Mines of Europe & Asia, & particularly those of Armenia, J Hawkins, **III**: 256-312, 1828.
- Notice of the work performed by the steam engines in the Mines of Cornwall, J Carne, **III**: 335-337, 1828.
- Notice of the Analysis of Copper ore found at Huel Falmouth, which appears very much like the Buntkupfererz of Werner, J Mitchell, **III**: 338, 1828.
- Notice of the Analysis of Zinc ore from Huel Ann, W Gregor, **III**: 338, 1828.
- Account of Tin raised in Cornwall in the years 1822-1826, **III**: 339-340, 1828.
- Account of Tin exported from Great Britain in the year ending 5th January 1827, **III**: 341, 1828.
- Account of the Produce of the Copper Mines of Cornwall in the years ending 30th June 1823-1827, **III**: 342-353, 1828.
- Quantity of Copper produced in Great Britain & Ireland, in the years ending 30th June 1823-1827, **III**: 354-358, 1828.
- Account of Copper exported from Great Britain in the Year ending 5th January 1827, **III**: 359, 1828.
- Account of Sundry Minerals exported from Cornwall in the year 1826, **III**: 360, 1828.
- Notice of some Records having reference to the commencement of Copper Mining in Cornwall & Devon, G S Borlase, **IV**: 486-489, 1832.
- Notice of the Work performed by the Steam-Engines in the mines of Cornwall, **IV**: 490, 1832.
- Notice of the Quantity of Tin raised in Cornwall & Devon [in the years 1827 - 1831], **IV**: 491, 1832.
- An Account of the Produce of the Copper Mines of Cornwall in ore, copper, & money, in the years ending 30th June 1828-1832, **IV**: 492-496, 1832.
- Quantity of copper produced in Great Britain & Ireland, in the years ending 30th June 1828-1832, **IV**: 497, 1832.
- Purchases of the Copper-ores of Great Britain & Ireland in the years 1828-1832, **IV**: 497, 1832.

- On the Metalliferous Deposits of Cornwall & Devon, W J Henwood, **V**: 1-387, 1843.
- Statistical notices of the mines in Cornwall & Devon, W J Henwood, **V**: 461-482, 1843.
- Table of the quantity of fine copper contained in British & Foreign Copper ores sold at the Cornwall & Swansea Tickettings, from 30th June 1832 to June 1846, **VI**: 357, 1846.
- Table of the quantity of fine copper in ores disposed of by Private Contract, **VI**: 357, 1846.
- An account of the quantity of Tin produced in Cornwall & Devon from 1832 – 1846, **VI**: 358, 1846.
- Produce of Lead-ore & Lead in the United Kingdom, for the years 1845-1846, from returns made to the Mining Record Office, Museum of Practical Geology, R Hunt, **VII**: 41-45, 1847.
- Lead Ore & Lead Imported & Exported 1843-1846, **VII**: 45, 1847.
- An account of Copper produced in (& imported in ore into) Great Britain, in the year ending the 30th June 1849, **VII**: 111, 1849.
- An account of Tin produced in Cornwall & Devon from 1844-1849, both inclusive, **VII**: 112, 1849.
- An account of Lead produced in Great Britain & Ireland in the year 1848, **VII**: 113, 1849.
- Observations on Metalliferous Deposits, W J Henwood, **VIII**: 1, 1871.
- A Contribution to the Theory of Mineral veins, R Hunt, **IX**: 22, 1875.
- Remarks upon the Tin deposits of East Wheal Lovell, C Le Neve Foster, **IX**: 167, 1875.
- A New Tin Scheme; or, Notes on Manufactured Articles of Pure Tin, W C Borlase, **IX**: 229, 1877.
- Petroleum-bearing Strata. President's Address 1865. C Fox, **IX**: 9.
- Tin Production in Queensland, New South Wales, Bangka, Blitong, & Sumatra, President's Address 1879, W W Smyth, **X**: xvii.
- Notes on the principal Lead-Bearing Lodes of the West of England, J H Collins, **XII**: 683-718, 1903.
- Notes on the Heaves of the great Lode of East Pool & Agar, J Jennings, **XIII**: 535-538, 1912.
- Notes on Mining, Past & Present, President's Address 1912, J H Collins, **XII**: 489.
- Notes on the State of Mining in Cornwall, President's Address 1913, J H Collins, **XIII**: 547.
- Observations on the West of England Mining Region, J H Collins, **XIV**: 1-683, 1912.
- The Excess Profits Tax & its effect upon the future of the Mining Industry, D S S Stewart, **XV**: 161-185, 1917.
- Accessible Minerals of wartime value in the West of England, F J Stephens, **XV**: 219-237, 1918.
- The Geology & Economics of the China Clay Deposits of the West of England, E H Davison, **XI**: 113-116, 1930.
- The Bridford Baryte Mine, J P R Polkinghorne, **XIII**: 240-254, 1952.

Recent advances in concepts of ore genesis in South West England, M G Thorne & R P Edwards, **XXI**: 113-152, 1985.

11. IGNEOUS PETROLOGY

An Account of some Granite Veins at Porth Just, near Cape Cornwall, J Davy, **I**: 20-26, 1818.

On Elvan Courses, J Carne, **I**: 97-106, 1818.

On the formation of a Substance resembling Gneiss, taken from a Steam Boiler at Huel Alfred, J A Paris, **I**: 227-229, 1818.

Notice on Elvan Courses, J Carne, **I**: 241, 1818.

On the Stratified deposits of Tin-Stone called Tin-Floors, & on the diffusion of Tin-Stone through the mass of some primitive rocks, J Hawkins, **II**: 29-48, 1822.

On the relative age of the veins of Cornwall, J Carne, **II**: 49-128, 1822.

On the Nomenclature of the Cornish Rocks, J Hawkins, **II**: 145-158, 1822.

On some instance of the alternate Disposition of the Primitive Strata, which have been observed in Cornwall, J Hawkins, **II**: 376-382, 1822.

On the Granite of the Western Part of Cornwall, J Carne, **III**: 208-246, 1828.

Notice of a Granite vein discovered in Herland Mine, R Edmonds, **III**: 332, 1828.

An Account of the Discovery of some Varieties of Tin-Ore in a Vein, which have been considered peculiar to Streams, with remarks on Diluvial Tin in general, J Carne, **IV**: 95-112, 1832.

On Granite Veins, Revd D Williams, **VI**: 64-67, 1842.

Origin of Granite: comments, President's Address 1859, A Smith, **VII**: 5-11.

On Transition & Metamorphosis of Rocks in the Land's End District, Miss E C T Carne, **IX**: 1-21, 1875. [posthumous publication]

On the Occurrence of Metallic Ores with Garnet Rock. Note illustrating a series of Copper-Ores from Belstone Consols, W W Smith, **IX**: 38-45, 1875.

Note on a Granite Block at Halamanning, R James, **IX**: 101, 1875.

On the Occurrence of Tin in an Elvan Course at Wheal Jennings, G Seymour, **IX**: 185-195, 1877.

On the Trelissick Elvan, with a proposed Classification of the Cornish Elvans, J H Collins, **IX**: 221-228, 1877.

Nature of Granite, President's Address 1867, C Fox, **IX**: 12.

Igneous Rocks, President's Address 1867, C Fox, **IX**: 15.

Nature of Serpentine, President's Address 1867, C Fox, **IX**: 16.

J W Judd on Geology of Granite &c, President's Address 1876, W W Smyth, **IX**: xiii.

On a rock resembling Luxullianite from St Just, & on some Globular Masses of Schorl-rock from Ding Dong Mine, C Le Neve Foster, **X**: 8-9, 1879.

- Note on the supposed Serpentine of the Parish of St Veep, J H Collins, **X**: 101-102, 1880.
- On Trowlesworthite & certain Granitoid Rocks near Plymouth, R N Worth, **X**: 177-179, 1884.
- On the Microscopic Structure of Trowlesworthite, T G Bonny, **X**: 180-186, 1884.
- On the Occurrence of Volcanic Tuffs, Breccia, etc, in the Meneage District, A Somervail & H Fox, **X**: 189-203, 1885.
- Mr Allport on the Serpentine of Clicker Tor, President's Address 1879, W W Smyth, **X**: lxi.
- The Volcanic District of Mont Dore, Auvergne, President's Address 1881, A P Vivian, **X**: cxx.
- Earthquakes & Volcanoes. President's Address 1883, W W Smyth, **X**: cxc.
- On an Unmapped Exposure of Serpentinous Rock in Whitsand Bay, R N Worth, **XI**: 51-55, 1887.
- On the junction of Hornblende Schist & Serpentine in the Ogo Dour District, & on the occurrence of some of the Bands of Potstone North of Cornick, with Mr. Teall's Notes thereon, H Fox, **XI**: 213-220, 1890.
- On a specimen of Banded Serpentine from the Lizard, Cornwall, F Rutley, **XI**: 239-241, 1890.
- The Cavouga Boulder, H Fox, **XI**: 334-335, 1891.
- Picotite in Serpentine, H Fox, **XI**: 336-337, 1891.
- The Origin & Relations of the Lizard Rocks, A Somervail, **XI**: 536-543, 1894.
- On some Manilla Andesites, F J Stephens, **XI**: 551-552, 1894.
- On Greenstones associated with Radiolarian Cherts, J J H Teall, **XI**: 560-565, 1894.
- Some notes on the Kergilliack Elvan, F J Stephens, **XI**: 674-679, 1895.
- The Phenomena of Lodes, President's Address 1890, W W Smyth, **XI**: 186.
- Geological Notes [on fossils in Cornwall], H Fox, **XII**: 342-361, 1900.
- The Plutonic & other intrusive rocks of West Cornwall in their relation to the mineral ores, J B Hill, **XII**: 546-615, 1902.
- On China Stone, Cornish Stone, or Petuntzyte, J M Coon, **XIII**: 561-572, 1913.
- On the Geological History of William's Lode in King Edward Mine, Camborne, P B Lees, **XIII**: 611-641, 1914.
- On the Topaz Rock of St Mewan Beacon, Cornwall, J H Collins & J M Coon, **XV**: 43-54, 1915.
- Note on a Concretionary Quartz Vein at Bloomdale China Clay Works, St Stephens in Brannel, Cornwall,
J M Coon, **XV**: 107-109, 1916.
- Note on a Newly-Discovered Elvan Outcrop on Carn Brea, H F Linne, **XV**: 311-312(2), 1925.
- Note on a Pegmatite from Carn Marth, E H Davison, **XV**: 333-336, 1925.
- The Newquay Mica Traps, C L Williams, **XV**: 359-363, 1925.

- Pneumatolysis & ore-formation, R H Rastall, **XV**: 415-438, 1925.
- A Study of the Cornish Granite, its Variation & its Relation, if any, with the occurrence of tin & other metallic ores. Part I, E H Davison, **XV**: 501-508, 1926.
- Serpentine from Gerrans Bay, E M L Hendriks, **XV**: 519-525, 1926.
- A Study of the Cornish Granite, its Variation & its relation with the occurrence of Tin & other Metallic Ores, Part II, E H Davison, **XV**: 578-592, 1927.
- Abstracts of Papers read at the Leeds Meeting of the British Association 1927 by E H Davison, (The Variation in the Composition of Cornish Granites & its relation to the Occurrence of Tin Lodes, The Cornish Pegmatites), **XVI**: 11-13, 1928.
- Notes on Fissure-Phenomena & Lode-Trend in the Dartmoor Granite, A Brammal, **XVI**: 15-27, 1928.
- Study of Cornish Elvans, D N Jarvis & B O Rees, **XVI**: 75-76, 1929.
- The Geology & Economics of the China Clay Deposits of the West of England, E H Davison, **XVI**: 113-116, 1930.
- Note on Banded Gabbro, J M Coon, **XVI**: 216-218, 1932.
- The Lateral Extent of Ore-shoots in the Primary Depth Zones of Cornwall, H G Dines, **XVI**: 279-296, 1933.
- Extinct Volcanoes & Associated Intrusions in the Libyan Desert, K S Sandford, **XVI**: 331-358, 1935.
- On the Granite Core or Cast found at North Goonbarrow China Clay Works, J M Coon, **XVII**: 48.
- Note on Pillow Lavas at Port Issac, Cornwall, W P Simmons, **XVII**: 192-193, 1946.
- Notes on New Exposures (Garnetiferous Veinstone, Holman's Quarry, Troon; Veinstones, Castle-an-Dinas, St Columb; Amphibolite, Treviskey, Nr Lanner, Redruth), J Robson, **XVII**: 345-348, 1947.
- Cornish Pegmatites & Bodies with Pegmatite Affinities, K F G Hosking, **XVIII**: 475-492, 1957.
- The Vein System of St Michael's Mount, Cornwall, K F G Hosking, **XVIII**: 493-509, 1957.
- The Cornish "Greenstones", J Robson [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 115, 1964.
- The Granite Rocks of South-West England, C S Exeley & M Stone [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 131-184, 1964.
- Permo-Carboniferous & later Primary Mineralisation of Cornwall & South-West Devon, K F G Hosking [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 201-245, 1964.
- A new altered Igneous Breccia between Rumps Point & Com Head, North Cornwall, G A Garceau, **XX**: 19-20, 1968.
- Distribution of SiO₂, the Alkalies, Total Fe & Mg in the Granite Plutons of Devon & Cornwall, P A Floyd, **XX**: 21-44, 1968.

- Tectonics & Granite Emplacement on the North-West Margin of Dartmoor, Devonshire, W R Dearman, **XX**: 45-64, 1968.
Mineralisation & Paragenesis at Dean Quarry, The Lizard, Cornwall, A F Seager, **XX**: 97-113, 1970.
Tests of the Normality of Frequency Distributions of Ns, K, SiO₂ & Cl in the Dartmoor Granite, C R Burch, **XX**: 179-198, 1972.
Chemical Analysis of a Spilitic Dyke south of Newquay, Cornwall, S Henley, **XX**: 227-229, 1972.
Rediscovery of a Granitic Dyke at Perranporth, Cornwall, S Henley, **XX**: 286-289, 1976.
Recent Advances in Concepts of Ore Genesis in South West England, M G Thorne & R P Edwards, **XXI**: 113-152, 1985.
Historical & Geological Aspects of the China Clay Industry of South-west England, C M Bristow & C S Exley, **XVI**: 247-314, 1994.

12. SEDIMENTARY PETROLOGY

- On a Recent Formation of Sandstone, occurring in various parts of the Northern Coast of Cornwall, J A Paris, **I**. 1-19, 1818.
Notes on the Limestone Rocks in the Parish of Veryan, S J Trist, With an Appendix, J Rogers, **I**. 107-113, 1818.
On the cause of the red colour in the fossiliferous rocks in the neighbourhood of Looe, J Couch, **VI**. 139-142, 1844.
On Estuaries & their Tides, Sir H T De La Beche, **VI**: 211-218, 1844.
The Position & Relations of the Sedimentary Rocks of Cornwall, President's Address 1872, W W Smyth, **IX**: 12.
The St Erth Deposit, President's Address 1885, W W Smyth, **X**: cclx.
Mr Searles V Wood & Dr Gwyn Jefferys, President's Address 1885, W W Smyth, 1885. **X**. cclxi.
Some Detrital Deposits associated with the Plymouth Limestone, R N Worth, **XI**: 151-162, 1889.
On Greenstones associated with Radiolarian Cherts, J J H Teall, **XI**: 560-565, 1894.
Notes on the Cherts & associated rocks of Roundhole Point (Permizen Point), Cataclews Point, & Dinas Head, West of Padstow, H Fox, **XI**: 687-724, 1895.
Mullion Island Cherts, President's Address 1894, H Fox, **XI**: 507.
The Radiolarian Cherts of Cornwall, H Fox, **XII**: 39-70(1), 1896.
Supplementary Notes on the Cherts & associated rocks of Roundhole Point, Cataclews Point, & Dinas Head. H Fox, **XII**: 71-72(1), 1896.
Abstract of a paper on "The Morte Slates as described by Dr Hicks", F J Stephens, **XII**: 47-48(2), 1897.
On an altered Ashbed at Penryn, F J Stephens, **XII**: 49-57(2), 1897.
On a Flint Nodule containing Liquid, H Fox, **XII**: 177-178, 1898.
Notes on Veryan & other Limestones associated with Radiolarian Cherts in South Cornwall, H Fox, **XII**: 179-184, 1898.

Supplementary notes on the Cornish Radiolarian Cherts & Devonian Fossils, H Fox, **XII**: 278-282, 1899.

On a Microscopic Section of Quartzite containing Tin, from Bolivia, D A MacAllister, **XIII**: 198-199, 1907.

Note on a Polished Block of Quartzite in the Meneage Peninsula, W Rogers: **XIII**: 297-298, 1909.

On a Specimen of Orbicular Slate, a specimen from Tilberthwaite, H H Thomas, **XIII**: 574, 1913.

Beaches & the Sea-Bed, R H Worth, **XVI**: 265-277, 1933.

Excavations in the Upper Devonian & Carboniferous Rocks near Chudleigh, South Devon, M R House &

N E Butcher, **XX**: 199-220, 1972.

Stratigraphy & Sedimentation in West Cornwall, A C Wilson & R T Taylor, **XX**: 246-259, 1976.

13. METAMORPHIC PETROLOGY

On the Serpentine District of Cornwall, The Revd J Rogers, **II**: 416-423, 1822.

[Metamorphism in Cornwall], President's Address 1848, Sir C Lemon, **VII**: 13-14.

Constitution & Structure of Slate, W Vivian, **VII**: 339-342, 1860.

On Transition & Metamorphosis of Rocks in the Land's End District, Miss E C T Carne, **IX**: 1-21, 1875, [posthumous].

Mr Allport on the Metamorphic Rocks of the Land's End District, President's Address 1879, WW Smyth, **X**: lx.

Notes on the Geology of the South-east Border of Cornwall, R N Worth, **X**: 103-106, 1880.

Metamorphism in the Harz & West of England, J J H Teall, **XI**: 221-238, 1890.

On the Micaceous Schists of the Penolver District (the Lizard), H Fox, **XI**: 327-333, 1891.

On Spilositcs & Adinoles from North Cornwall, H Dewey, **XV**: 71-84, 1915.

Cataclastic Structure in a Greenstone Rock from Porthluney Cove, Cornwall, J M Coon, **XV**: 560-566, 1927.

Gneissic Rocks, J M Coon, **XVI**: 199-215, 1932.

Notes on Delabole Slate Quarry, C E Leese & J Setchell, **XVI**: 41.

Metamorphism in South-West England, F C Phillips [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 185-200, 1964.

A new altered Igneous Breccia between Rumps Point & Com Head, North Cornwall, G A Garceau, **XVI**: 1968.

Hercynian regional & contact metamorphism in Upper Devonian & Lower Carboniferous metasediments in the Launceston & Lydford area of South West England, K P Isaac, **XXI**: 97-112, 1982.

14. RADIOACTIVITY

Uranium Ores in Cornish Mines, C C James, **XVII**: 256-268, 1947.

- Production of Radium in Cornwall, M Gregory, **XVII**: 306-312, 1947.
Radio-Active Minerals in the Venezuelan Andes, J C Davey, **XVII**: 313-316, 1947.
Uranite Concentrate from South Crofty Mine, Camborne, Cornwall, M Lucas & Z Zaghloul, **XIX**: 113-115, 1960.
The Distribution of Alpha-Radioactivity in Lamorna Granite - Land's End, Z Zaghloul, **XIX**: 116-121, 1960.
Possible Action of Radio-active Materials upon the Flora & Fauna of Cornwall, E J B Willey, **XIX**: 312-320, 1966.

15. CORNUBIAN GEOLOGY

- Notes on the Coast, West of Penzance, & on the Structure of the Scilly Islands, A J Majendie, **I**: 27-31, 1818.
A Sketch of the Geology of the Lizard District, A Majendie, **I**: 32-37, 1818.
Hints on the Geology of Cornwall, Sir Humphry Davy, **I**: 38-50, 1818.
On some Advantages which Cornwall possesses for the study of Geology, & on the use which may be made of them, J Hawkins, **II**: 1-13, 1822.
On the relative age of the veins of Cornwall, J Carne, **II**: 49-128, 1822.
Observations on the Submersion of part of the Mount's Bay; & on the Inundation of Marine Sand on the North Coast of Cornwall, H Boase, **II**: 129-144, 1822.
On the Nomenclature of the Cornish Rocks, J Hawkins, **II**: 145-158, 1822.
On the Geology of the Land's End District, J Forbes, **II**: 242-280, 1822.
On the Mineral Productions & the Geology of the Parish of St Just, J Carne, **II**: 290-358.
On the Geology of St Michael's Mount, J Forbes, **II**: 366-375, 1822.
On the Serpentine District of Cornwall, Revd J Rogers, **II**: 416-423, 1822.
On the Granite of the Western Part of Cornwall, J Carne, **III**: 208-246, 1828.
Notice of a Granite vein discovered in Herland Mine, R Edmonds, **III**: 332, 1828.
Some general observations on the Structure & Composition of the Cornish Peninsula, J Hawkins, **IV**: 1-20, 1832.
Some observations made in Cornwall in the Summer of 1829, J Hawkins, **IV**: 40-46, 1832.
On a very singular Deposit of Alluvial Matter on St Agnes Beacon & on the Granitical Rock which occurs in the same situation, J Hawkins, **IV**: 135-144, 1832.
Contributions towards a knowledge of the Geology of Cornwall, H S Boase, **IV**: 166-474, 1832.
On the Metalliferous Deposits of Cornwall & Devon, W J Henwood, **V**: 1-387, 1843.
Observations on Subterranean Temperature in the mines of Cornwall & Devon, W J Henwood, **V**: 387-412, 1843.
On the Quantities of Water which enter the Cornish Mines, W J Henwood, **V**: 413-444, 1843.

- On the Electric Currents observed in Rocks & Veins, W J Henwood, **V**: 445-460 1843.
- Statistical notices of the Mines in Cornwall & Devon, W J Henwood, **V**: 461-482, 1843.
- On the Conglomerate & Raised Beaches of the Lizard District, Revd E Budge, **VI**: 1-11, 1841.
- Notice of the Serpentine of Pennare, Revd C Rogers, **VI**: 41-42, 1841.
- Additional contributions to the mineralogy of the Parish of St Just, J Carne, **VI**: 47-49, 1841.
- On the Geology of part of the Parish of Gorran in Cornwall, C W Peach, **VI**: 51-58, 1842.
- Contributions towards a description of the district of Meneage, R Thomas, **VI**: 108-110, 1843.
- On the Killas group of Cornwall & South Devon; its relations to the subordinate formations in Central & North Devon & West Somerset; its natural subdivisions; & its true position in the scale of British strata. Revd D Williams, **VI**: 122-138, 1843.
- On the Hornblende Slate & other associated Rocks of the Meneage district, Revd E Budge, **VI**: 173-180, 1844.
- Contributions towards forming a Geological description of the Land's End & Tregonning Hill districts, R Thomas, **VI**: 190-193, 1844.
- Report on the Fossil Geology of Cornwall, R Q Couch, **CI**: 219-226, 1845.
- On the Carboniferous system in Cornwall, S R Pattison, **VI**: 267-275, 1846.
- On the Fossils of Crownall Bay, Plymouth, E Moore, **VI**: 285-287, 1846.
- On the Granite & other associated Rocks of Cornwall & Devon. The Revd E Budge, **VI**: 288-293, 1846.
- On the Fossils of Cornwall, C W Peach, **VI**: 296-300, 1846.
- On a remarkable disturbance of the strata at Hayle Foundry, The Revd J Punnett, **VI**: 305-307, 1846.
- A brief review of the classification of the Sedimentary Rocks of Cornwall, Sir R I Muchison, **VI**: 317-326, 1846.
- On an important slate term in the Killas Series of Cornwall & South Devon, not sufficiently adverted to in my former classification of that group as communicated to the Society in 1943, with additional proofs in confirmation of the true Geological position of the Ocrynian or Devonian system, The Revd D Williams, **VI**: 334-347, 1846.
- Notice of the discovery of Serpentine & its associated Rocks in the Parish of St Veep near Fowey, C W Peach, **VI**: 351-352, 1846.
- Notice on the St Agnes Beacon, R Newton, **VI**: 354-356, 1846.
- On the Geology of Tintagel District, S R Pattison, **VII**: 3-12, 1847.
- Remarks on the Present state of the Geology of Cornwall, R Q Couch, **VII**: 13-16, 1847.
- A brief description of the coast of Cornwall between the Padstow River & Perran Sands, S R Pattison, **VII**: 47-52, 1848.

- Notices of the Trap Veins & Limestone Rocks of the Towan Head, St Columb Minor, W M Tweedy, **VII**: 53-56, 1848.
- On the Fossiliferous strata of part of the South-east coast of Cornwall, C W Peach, **VII**: 57-62, 1848.
- On an insulated patch of Devonian Strata in the Parish of St Stephens by Launceston, Cornwall, S R Pattison, **VII**: 63-64, 1848.
- On the Fossiliferous Rocks of the Liskeard District, J Giles, **VII**: 93-99, 1849.
- Additions to Cornish Geology, C W Peach, **VII**: 100-105, 1849.
- On the Ichthyolites of East Cornwall, W Pengelly, **VII**: 106-108, 1849.
- On strata, in the Parish of Stoke Climsland, Cornwall, containing vegetable fossils, S R Pattison, **VII**: 109-110, 1849.
- On the Ichthyolites of East Cornwall, W Pengelly, **VII**: 115-120, 1850.
- On the Fossils of the Blackhead Slate Quarry near St Austell & on the Fossil Fishes of Cornwall, C W Peach, **VII**: 121-124, 1850.
- On the Petherwyn Beds, S R Pattison, **VII**: 132-139, 1850.
- On the Geology of the Isles of Scilly, J Carne, **VII**: 140-154, 1850.
- On the Geology of the neighbourhood of Liskeard, J Giles, **VII**: 155-160, 1850.
- On the Geology of the Liskeard District, J Giles, **VII**: 169-174, 1851.
- Notice of the Geology of St Pinnock, C W Peach, **VII**: 175, 1851.
- On the Metalliferous association of the Liskeard Rocks, J Giles, **VII**: 198-207, 1852.
- On the Geology of the South Coast of Cornwall, S R Pattison, **VII**: 208-210, 1852.
- Remarks on the Geology of the South Coast of Cornwall, W Pengelly, **VII**: 211-215, 1852.
- A Day in the North Devon Mineral District, S R Pattison, **VII**: 223-227, 1854.
- Illustrations of the Geology of East Cornwall, from the Boulonnais, S R Pattison, **VII**: 246-248, 1854.
- Description of the Fossils found in a Quarry near Trelawney in the Parish of Pelynt, Cornwall, J Couch, **VII**: 249-262, 1854.
- Notes on the Foliation & Cleavage of the Cornish Slates, R Q Couch, **VII**: 273-278, 1855.
- Observations on the Geology of the South-Western Coast of Devonshire, W Pengelly, **VII**: 291-297, 1856.
- On the Slates of Cornwall, R Q Couch, **VII**: 317-324, 1857.
- On the Strike of the Slate-beds in Cornwall & Devon, N Whitley, **VII**: 336-338, 1858.
- On the Chalk Flints & Green-sand fragments found on the Castle Down of Tresco, one of the Islands of Scilly, A Smith, **VII**: 343-344, 1860.
- Notice of a Specimen of Killas & Spar broken off from the Stones Reef in St Ives Bay, R Pearce, **VII**: 347, 1860.
- The Geographical & Chronological distribution of the Devonian Fossils of Devon & Cornwall, W Pengelly, **VII**: 388-417, 1860.

- On the Geological Age of the Dartmoor Granites, W Pengelly, **VII**: 419-432, 1863.
- On the Co-relation of the Slates & Limestones of Devon & Cornwall with the Old Red Sandstones of Scotland, W Pengelly, **VII**: 441-445, 1863.
- [Silurian in Cornwall] President's Address 1848, Sir C Lemon, **VII**: 11-12.
- [Metamorphism in Cornwall] President's Address 1848, Sir C Lemon, **VII**: 13-14.
- On Transition & Metamorphosis of Rocks in the Land's End District. Miss E C T Carne, **IX**: 1-21, 1875 (posthumous).
- The Geology of Lundy Island, N Whitley, **IX**: 71-73, 1875.
- The Geology of Penzance Bay & its Shores, N Whitley, **IX**: 109-113, 1875.
- Enquiry into the Nature of the Forces that have acted on the Formation & Elevation of the Land's End Granite, Miss E C T Carne, **IX**: 132-151, 1875 (posthumous).
- On the Trelissick Elvan, with a proposed Classification of the Cornish Elvans, J H Collins, **IX**: 221-228, 1877.
- Kent's Cavern, President's Address 1865, C Fox, **IX**: 14.
- Devonian Rocks of North Devon. President's Address 1866, C Fox, **IX**: 8.
- The Cornish Fossils. President's Address 1867, C Fox, **IX**: 9.
- Cavern Explorations. President's Address 1867, C Fox, **IX**: 21.
- Cornish Geological Problems. President's Address 1868, H S Tremenheere, **IX**: 21.
- Mr Peach's discoveries in Cornish Palaeontology, President's Address 1870, H S Tremenheere, **IX**: 11.
- The Position & Relations of the Sedimentary Rocks of Cornwall. President's Address 1872, W W Smyth, **IX**: 12.
- Changes of Level on the Cornish Coasts. President's Address 1872, W W Smyth, **IX**: 13.
- Local Geology. President's Address 1876, W W Smyth, **IX**: xii.
- The Fossils of Cornwall, President's Address 1877, W W Smyth, **IX**: xvii.
- The Geology of Cornwall, President's Address 1877, W W Smyth, **IX**: xviii.
- Preliminary note on the Stratigraphy of West Cornwall, J H Collins, **X**: 1-7, 1879.
- On the Geological Structure of the Northern Part of the Meneage Peninsula, J H Collins, **X**: 47-57, 1879.
- The Devonian Rocks between Plymouth & East Looe, W A E Ussher, **X**: 70-81, 1880.
- On the occurrence of Volcanic Tuffs, Breccia, etc, in the Meneage District, A Somervail & H Fox, **X**: 189-203, 1885.
- The Rocks of the Penwith District, President's Address 1879, W W Smyth, **X**: lvi.
- Mr J Arthur Phillips on Cornish Rocks, President's Address 1879, W W Smyth, **X**: lvii.
- Mr Allport on the Metamorphic Rocks of the Land's End District. President's Address 1879, W W Smyth, **X**: lx.

- Mr Allport on the Serpentine of Clicker Tor, President's Address 1879, W W Smyth, **X**: lxi.
- Mr Ussher on the Quaternary Geology of Cornwall, President's Address 1879, W W Smyth, **X**: lxi.
- The Pliocene deposit at St Erth, President's Address 1884, W W Smyth, **X**: ccxxii.
- The St Erth Deposit, President's Address, 1885, W W Smyth, **X**: cclx.
- Mr Searles V Wood & Dr Gwyn Jefferys, President's Address 1885, W W Smyth, **X**: cclxi.
- On an Unmapped Exposure of Serpentine Rock in Whitsand Bay, R N Worth, **XI**: 51-55, 1887.
- On the junction of Hornblende Schist & Serpentine in the Ogo Dour District & on the occurrence of some Bands of Potstone North of Cornick with Mr Teall's Notes thereon, H Fox, **XI**: 213-220, 1890.
- On the Micaceous Schists of the Penolver District (the Lizard), H Fox, **XI**: 327-333, 1891.
- On some remarkable Contortions of Rocks at Rosemullion Head, F J Stephens, **XI**: 544-550, 1894.
- Notes on the Cherts & associated rocks of Roundhole Point (Permizen Point), Cataclews Point, & Dinas Head, West of Padstow, H Fox, **XI**: 687-724, 1895.
- Przibram Mines, President's Address 1889, W W Smyth, **XI**: 191.
- Papers on Cornish Geology, President's Address 1894. H Fox, **XI**: 500.
- Cornish Geological Problems, President's Address 1894, H Fox, **XI**: 502.
- Mullion Island Cherts. President's Address 1894, H Fox, **XI**: 507.
- List of Papers on Cornish Geology, Q.J.G.S. 1845 – 1893, President's Address 1894. H Fox, **XI**: 512.
- Progress in Cornish Geology during the past Year, President's Address 1894, H Fox, **XI**: 578.
- The Lizard Rocks, President's Address 1894, H Fox, **XI**: 578.
- Soda-felspar Rock at Dinas Head, Padstow, President's Address 1894. H Fox, **XI**: 584.
- Rate of Formation of Shingle, President's Address 1894, H Fox, **XI**: 585.
- Channel & Local Drift. President's Address 1894, H Fox, **XI**: 586.
- The Radiolarian Cherts of Cornwall, H Fox, **XII**: 39, 1896.
- Supplementary Notes on the Cherts & associated rocks of Roundhole Point, Cataclews Point, & Dinas Head, H Fox, **XII**: 71, 1896.
- On an altered Ashbed at Penryn. F J Stephens, **XII**: 49-57, 1897.
- Notes on Veryan & other Limestones associated with Radiolarian Cherts in South Cornwall, H Fox, **XII**: 179-184, 1898.
- Supplementary notes on the Cornish Radiolarian Cherts & Devonian Fossils, H Fox, **XII**: 278-282, 1899.
- Geological Notes [on fossils in Cornwall], H Fox, **XII**: 342-361, 1900.
- On some Geological Structures in West Cornwall, J B Hill, **XII**: 403-430, 1901.
- Gunwalloe, H Fox, **XII**: 434-437, 1901.

- The sequence of the Lizard Rocks (in two parts), H J Lowe, **XII**: 438-466, 1901.
- The sequence of the Lizard Rocks (2nd paper), H J Lowe, **XII**: 507-534, 1902.
- On the Distribution of Fossils on the North Coast of Cornwall South of the Camel, H Fox, **XII**: 535-545, 1902.
- The Plutonic & other intrusive rocks of West Cornwall in their relation to the mineral ores, J B Hill, **XII**: 546-615, 1902.
- Some coast sections in the Parish of St Minver, H Fox, **XII**: 649-682, 1903.
- Supplementary notes on some coast sections in the Parish of St Minver, H Fox, **XII**: 747-752, 1904.
- Bibliography of Cornish Geology, President's Address 1897, J D Enys, **XII**: 80(2).
- The Submerged Forests. President's Address 1898, J D Enys, **XII**: 193 (2).
- Further Notes on the Devonian Rocks & Fossils in the Parish of St Minver, H Fox, **XIII**: 33-87, 1905.
- The Variegated Slates of North Cornwall, H Fox, **XIII**: 127-134, 1906.
- On the Geological Structure of Western Cornwall, V Green, **XIII**: 284-296, 1909.
- Note on the Polished Block of Quartzite in the Meneage Peninsula, W Rogers, **XIII**: 297-298, 1909.
- [Summary of Geological & Mineralogical history of Cornwall & Devon, & aspects of mining], President's Address 1904, J H Collins, **XIII**: 10.
- Observations on the West of England Mining Region, J H Collins, **XIV**: 1-683, 1912.
- Geologist's Association at the Lizard, H J Lowe, **XV**: 110-118, 1916.
- On the Geology of Castle-an-Dinas & Belowda Beacon, E H Davison, **XV**: 269-285, 1919.
- Note on a Newly-Discovered Elvan Outcrop on Carn Brea, H F Linné, **XV**: 311-312(2), 1925.
- On the Geology of St Michael's Mount, E H Davison, **XV**: 313-321, 1925.
- Hangman's Quarry, Troon, J Sanderson, **XV**: 365-366, 1925.
- Note on an occurrence of Granite at Bridge, near Illogan, E H Davison, **XV**: 369-370, 1925.
- Geology of the New Tolgus Shaft, J C Davey, **XV**: 439-442, 1925.
- Geology of Porthglaze Cove, J Daniell, **XV**: 443-449, 1925.
- Study of an Elvan Dyke, R Jeffery & J O Tanner, **XV**: 451-458, 1925.
- The History of Cornish Mining in relation to the Geology of the Area, E H Davison, **XV**: 491-500, 1926.
- A study of the Cornish Granite, its Variation & its Relation, if any, with the occurrence of Tin & other metallic ores, E H Davison, **XV**: 501-508, 1926.
- A study of the Cornish Granite, its Variation & its Relation with the occurrence of Tin & other Metallic ores, (Part II), E H Davison, **XV**: 578-592, 1927.

- The Sedimentary Rocks of Hayle Cliffs, A V Corry & A S Makower, **XVI**: 66-74, 1929.
- The Geology of Praa Sands (Abstract), E B Sewel, **XVI**: 278, 1933.
- Geology of Carn Brea, J Robson, **XVII**: 208-221, 1946.
- The Geology of the St Ives District, J Robson, **XVII**: 272-283, 1947.
- Kit Hill, Callington, Cornwall, J P R Polkinghorne, **XVII**: 357-360, 1948.
- The Geology of the Land's End Peninsula, J Robson, **XVII**: 427-455, 1949.
- Nature Reserves in Cornwall, President's Address 1953, J Robson, **XVII**: 293.
- The Plymouth Limestones, P W Taylor, **XVIII**: 146-214, 1951.
- The Structure & Tectonic History of the Tintagel - Davidstow Area, A E Batstone, **XIX**: 17-32, 1959.
- The Physical Geology of the China Clay Deposits of S W England, L G Brown, **XX**: 185-198, 1962.
- Upper Devonian/Carboniferous Stratigraphy in the Boscastle Area, A E Batstone, **XX**: 321-327, 1966.
- A Re-study & Re-interpretation of the Geology of the Lizard Peninsula, D H Green [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 87-114, 1964.
- A new altered Igneous Breccia between Rumps Point & Com Head, North Cornwall, G A Garceau, **XX**: 19-20, 1968.
- Glacial Gravel on Lundy Island, G F Mitchell, **XX**: 45-64, 1968.
- Geomorphological features of Mother Ivey's Bay near Padstow, with an account of the under-cliff bank & intertidal reef of cemented limesand at Little Cove, The Revd B B Clarke, **XX**: 69-79, 1968.
- Rediscovery of a Granite Dyke at Perranporth, Cornwall, S Henley, **XX**: 286-289, 1976.
- Hercynian regional & contact metamorphism in Upper Devonian & Lower Carboniferous metasediments in the Launceston & Lydford area of South West England, K P Isaac, **XXI**: 97-112, 1982.
- Recent Advances in concepts of ore genesis in South West England, M G Thorne & R P Edwards, **XXI**: 113-152, 1985.
- The occurrence, nature & genesis of wood tin in South-West England, K F G Hosking, G J Stanley & G S Camm, **XXI**: 153-212, 1987.
- Historical & Geological aspects of the China Clay Industry of South-west England, C M Bristow & C S Exley, **XI**: 247-314, 1994.
- Late Pleistocene Stratigraphy of North & West Cornwall, J D Scourse, **XXII**: 2-56, 1996.
- Review of Cornish stanniferous placers - with special reference to offshore placers of Quaternary age on the South Coast, G S Camm, **XXII**: 57-88, 1999.
- The contribution of a trio of Cornish geologists to the development of 18th century mineralogy, R J Cleavelly, **XXII**: 89-120. 2000.
- The coastal palaeo-morphology of West Cornwall with particular reference to shore (wave-cut) platforms, H C L James, **XXII**: 121-144, 2003.

16. INTERNATIONAL GEOLOGY

A sketch of the Plan of the Mining Academies of Freiberg & Schemnitz, J H Vivian, **I**: 71-77, 1818.

Remarks on the Salt Mines of Wielitska in Poland & of Salzburg in Germany, J H Vivian, **I**: 154-167, 1818.

On the introduction of the Steam Engine to the Peruvian Mines, H Boase, **I**: 212-223, 1818.

On the Tin of the Island of Banka, T S Raffles, **III**: 247-255, 1828.

On the Produce of the Copper Mines of Europe & Asia, & particularly those of Armenia, J Hawkins, **III**: 256-312, 1828.

Notice of the Analysis of Copper Ore found at Huel, Falmouth, which appears very much like the Buntkupfererz of Werner, J Mitchell, **III**: 338, 1828.

Descriptive Notice of Morro Velho Mine, Province of Minas Geraes; & the directions of the relations between the structure of the containing rocks & the directions of the shoots of Gold in the Brazilian Mines. W J Henwood, **VI**: 143-146, 1844.

Observations on the Mining Laws of Germany & some other Countries, Sir C Lemon, **VI**: 150-156, 1844.

Notice of the Itabara & Santa Anna Mines, in Brazil, W J Henwood, **VI**: 227-229, 1845.

On the Mining Laws of France, Sir C Lemon, **VI**: 238, 1845.

On the Laws relating to Mines etc, M Mignerion, **VI**: 239-258, 1845.

Notice of the Descoberta Gold Mine, in Brazil, W J Henwood, **VI**: 294-295, 1846.

On the Argentiferous Lead Mines of the Sierra Almgrera, on the south-east coast of Spain, J Mitchell, **VI**: 308-315, 1846.

Notice respecting the Lead & Copper Ores of Glen Osmond Mines, three miles from Adelaide, South Australia, H S Tremenheere, **VI**: 348-350, 1846.

Notice accompanying specimens of Opal from Mexico, J Rule, **VI**: 353, 1846.

Description of the Brazilian method of Washing (dressing) Gold, W J Henwood, **VII**: 69, 1848.

Observations on the Mining District of Sonora, Tuolumne County, California, W Vivian, **VII**: 216-219, 1852.

On the Zinc & Lead Mines, & the processes used in smelting the Ores at Stolberg & La Veille Montage, The Revd J Punnett, **VII**: 239-243, 1854.

Illustrations of the geology of East Cornwall, from the Boulonnais, S R Pattison, **VII**: 246-248, 1854.

Notice of a Vein containing Diamonds, near Tijuco in Brazil, T Treloar, **VII**: 298-299, 1856.

Observations on the Gold Fields of the Pacific & their probable extent, W Vivian, **VII**: 327-331, 1857.

Notice of an issue of inflammable gas in the Morro Vehlo Gold Mine, Brazil, T Treloar, **VII**: 345-346, 860.

- Enquiry into the age of that part of the District of the Maritime Alps which surrounds Mentone, Miss E C T Carne, **VII**: 433-440, 1863.
- Tooth & Fragments of Bones of Hippopotamus, from the neighbourhood of Constantine, in Algeria, C Fox, **IX**: 26-30, 1875.
- On some Fossils from Mount Lebanon, A L Fox, **IX**: 46-48, 1875.
- Some Observations on the Magnesite of Silesia, L Squire, **IX**: 59-70, 1875.
- Notes on the Quartz Reefs, or Lodes of Sandhurst, Victoria, Australia, W Nicholas, **IX**: 78-97, 1875.
- Memorandum on Pitchblende in Colorado, R Pearce, **IX**: 102.
- Some Remarks on the Mining District of Yorkes Peninsula, South Australia, S Higgs, **IX**: 122-131, 1875.
- Notice on Mount Bischoff, Tasmania, W Wellington, **IX**: 161-162, 1875.
- A Diamond Field, West Griqualand, South Africa, C Fox, **IX**: 165-166, 1875.
- Organic remains of the Laurentians, President's Address 1865, C Fox, **IX**: 6.
- Californian Gold Reefs, President's Address 1865, C Fox, **IX**: 12.
- The Geology of Norway, President's Address 1866, C Fox, **X**: 7.
- Miocene Flora of Greenland. President's Address 1866, C Fox, **IX**: 13.
- The Tennasserim Tin Deposits, President's Address 1870, H S Tremenheere, **IX**: 13(6).
- Diamonds of South Africa, President's Address 1870, H S Tremenheere, **IX**: 15(6).
- Deep Mines of Prizibram, President's Address 1873, W W Smyth, **IX**: 38(10).
- Discovery of Tin in Queensland, President's Address 1873, W W Smyth, **IX**: 39(10).
- Tin deposits of Tennasserim, President's Address 1873, W W Smyth, **IX**: 40.
- Deep Mines in Bohemia, President's Address 1875, W W Smyth, **IX**: xxi.
- Daubr e on Minerals of Bourbonne-les-Bains, President's Address 1876, W W Smyth, **IX**: xvi.
- Table of British & Foreign Devonian Fossils, President's Address 1877, W W Smyth, **IX**: xxvi.
- On the Rock salt & Carnallite Deposits of Stassfurt & neighbourhood near Magdeburg, J Garland, **X**: 18-32, 1879.
- Description of Besshi Copper Mine in Japan, R J Frecheville, **X**: 113-119, 1882.
- On the Mines of the Province of Rio Grose Do Sul, Brazil, H Eddy, **X**: 157-160, 1883.
- Note to accompany a Specimen of Native Gold from Leadville, Colorado, C Le Neve Foster, **X**: 220-221, 1885.

- Extinct Volcanoes & Associated Intrusions in the Libyan Desert, K S Sandford, **XVI**: 331-358, 1935.

Gulula Coal Field & its Relation to the Coal Bearing series of the Karroo System, J Astrup, **XXII**: 11-29(2), 1940.

Gold in some Mica-Bearing Pegmatites of the Venezuelan Andes, J C Davey, **XVII**: 121-131, 1945.

Radio-Active Minerals in the Venezuelan Andes, J C Davey, **XVII**: 313-316, 1947.

Paracutin, C C James, **XVII**: 368-379, 1948.

Observations in Iceland & Spitzbergen, F S Butt, **XVII**: 380-386, 1948.

The Diamond Deposits of the Venezuelan Guayana, J C Davey, **XVII**: 387-397, 1948.

The Geology & Mineralisation of Minas Geraes, Brazil, M Gregory, **XVII**: 476-492, 1949.

17. Historical and Miscellaneous

On the Knowledge & Commerce of Tin among Ancient Nations, The Revd S Greatheed. **II**: 359-365, 1822.

On the changes which appear to have taken place in the primitive form of the Cornish Peninsula, J Hawkins, **III**: 1-16.

On the use of Iron among the early Nations of Europe, T Hingston, **IV**: 113-134, 1832.

An account of the Extraordinary Movement of the Sea in Cornwall, in July 1843, with notice of similar movements in previous years, & also of Earthquakes which have occurred in Cornwall, R Edmonds, **VI**: 111-121, 1843.

On remarkable Lunar Periodicities in Earthquakes, Oscillations of the Sea & great Atmospherical Changes. R Edmonds, **VI**: 196-210, 1844.

Lunar Periodicities in Earthquakes, & great Atmospherical Changes - also, some remarkable Hygrometrical Facts connected with recent Earthquakes, R Edmonds, **VI**: 259-264, 1845.

On the Several Volcanic interferences which alternate & are concurrent with & eventually supercede, the depositions of the Old Red Sandstone of the British Isles, The Rev D Williams, **VII**: 65-68, 1848.

On Earthquakes - their contemporaneous occurrences in very distant localities & their connexion with remarkable states of the Atmosphere, R Edmonds, **VII**: 164-167, 1850.

An account of an Earthquake-shock on the 30th May, 1855, & of an extraordinary Agitation of the Sea on the 6th of June, 1855, in Penzance - with observations on the cause of the latter, R Edmonds, **VII**: 279-284, 1855.

An account of the Extraordinary Agitations of the Sea in the West of England, on the 25th & 26th of June & the 4th of October, 1859 - with Notices of the Earthquake-shocks in Cornwall on the 11th November, 1859, & the 21st of October, 1859, R Edmonds, **VII**: 355-368, 1860.

An account of the Earthquake-shock in Cornwall on the 13th January, 1860, R Edmonds, **VII**: 381-387, 1860.

On the Geological Age of the Dartmoor Granites, W Pengelly, **VII**: 419-432, 1863.

- Notice of a Singular Specimen much resembling Chalk Flint, found in the Balleswidden Mine, St Just, S Higgs, **VII**: 449-450, 1863.
- Remarkable Sea Waves, observed in Mount's Bay, Cornwall, April 24th, 1868, J Rogers, **IX**: 74-77, 1875.
- Temperature of the Earth, President's Address 1865, C Fox, **IX**: 11.
- The Development Theory, President's Address 1866, C Fox, **IX**: 14.
- Meteors & Meteor-showers, President's Address 1867, C Fox, **IX**: 19.
- Subterranean Temperature, President's Address 1870, H S Tremenheere, **IX**: 9.
- Bischoff's Chemico-mineralogical Researches, President's Address 1876, W W Smyth, **IX**: xvi.
- Table of British & Foreign Devonian Fossils, President's Address 1877, W W Smyth, **IX**: xxvi.
- On the ancient Metallurgy of Cornwall, A Tylor, **X**: 187-188, 1884.
- Edible Clay, President's Address 1879, W W Smyth, **X**: xix.
- The Debt owed in the Present Day to Science. President's Address 1882, L H Courtney, **X**: clx.
- Special Influence of Geological Study on Mental Training, President's Address 1882, L H Courtney, **X**: clxi.
- The Instability of Nature, President's Address 1883, W W Smyth: 1883, **X**: cxc.
- Geological Classification & Nomenclature, President's Address 1884, W W Smyth, **X**: ccxxv.
- Some recent developments of Technical Education, F J Bowles, **XI**: 611-620, 1895.
- Earthquakes, President's Address 1887, W W Smyth, **XI**: 15.
- Geological Divisions & Nomenclature. President's Address 1889, W W Smyth, **XI**: 124
- The Relation of other Sciences to Geology, President's Address 1895, T R Polwhele, **XII**: 11(1).
- Change of Axis of Rotation of the Earth, President's Address 1895, T R Polwhele, **XII**: 12.
- Formation of the Earth, President's Address 1896, T R Polwhele, 1896, **XII**: 13.
- Magnetic Forces, President's Address 1896, T R Polwhele, **XII**: 15.
- Formation of the Earth, etc, President's Address 1897, J D Enys, **XII**: 13.
- Bibliography of Cornish Geology, President's Address 1898, J D Enys, **XII**: 80 (2).
- Place names & mining, President's Address 1903, C Le Neve Foster, **XII**: 625.
- A New Deep Well at Sheffield, Paul, T Maddern, **XIII**: 301-303, 1909.
- General Observations. President's Address 1905, R Pearce, **XIII**: 9.
- 100th centenary of the Geological Society of London & the origination of geological research as a recognised department of science, established by chemists and mineralogists, 'the parent of geology' (Geilkie); a Cornish

scientific literature review], President's Address 1907, A K Barnett, **XIII**: 209-220.

Hydro-geology of Cornwall. President's Address 1911, W Colenso, **XIII**: 437.

Theories of the Earth - The Rise of Modern Geology, C E Leese, **XVI**: 95-112, 1930.

Nature Reserves in Cornwall. President's Address 1946, J Robson, **XVII**: 293.

Geological Terms used in S W England, J Robson & R Morton Nance, **XIX**: 33-41, 1959.

History of the China Clay Industry, C M Bristow and C S Exley, **XXI**, Part 6: 253-261, 1994.

The value of abandoned mined sites for wildlife: the triumph of nature over our industrial past, A Spalding, **XXIII**: 4-15, 2014.

18. HISTORY OF THE RGSC & ITS MEMBERS

Four hitherto unpublished Geological Lectures given by Sir Humphry Davy in 1805 from manuscripts belonging to the Royal Geological Society of Cornwall, with an Introduction & notes, A M Ospovat, **XXI**: 1-96, 1978.

Celebration of the Centenary of the Death of Sir Humphry Davy, June 1929, **XVI**: 91-94, 1930.

Notes on the "the giants of those days" the first series of Presidents of the RGSC, **XVI**: 136-149, 1930.

Laws & Rules (of the R.G.S.C.), **XVI**: 231-243, 1932.

By-Ways in the History of the Society, F C Fox, **XVII**: 109-120, 1945.

Origins of the Royal Geological Society of Cornwall, A C Todd, **XIX**: 179-184, 1962.

Hosking, K F G & Shrimpton, G J, ed, "Patrons and Presidents" *Present Views of Some Aspects of the Geology of Cornwall and Devon*: iii, 1964.

The Royal Geological Society of Cornwall, A C Todd [in] *Present Views of Some Aspects of the Geology of Cornwall & Devon*: 1-23, 1964.

Foreword [relating to 175th anniversary of the Society & the 150th anniversary of the publication of De La Beche's "Report on the Geology of Cornwall, Devon & Somerset"], K Dunham, **XXI**: 213-215, 1991.

The Origins of the Royal Geological Society of Cornwall, D A Crook, **XXI**: 216-246, 1991.

Preface (relating to the reopening of the Museum), K Menadue, **XXII**: 1, 1996.

The contribution of a trio of Cornish geologists to the development of 18th century mineralogy, R J Cleevely, **XXII**: 89-120, 2000.

Making links: processes, dynamics and systems [broadening the scope of geological interests, present and future to encompass the environmental sciences], C N Page, Preface, **XXIII**: 2-3, 2014.

Elizabeth Catherine Thomas Carne: A 19th century Hypatia and her circle, K M Hardie-Budden, **XXIII**: 16-39.

19. Tables by sub-topic:

[Information presented in tabular format for the following subjects.] Classification is somewhat arbitrary in places, and there is overlap between primary topics, however tabulated information is often critical for comparative purposes and especially useful for researchers. A majority of the listed academic papers contain illustrations in hand-drawn graphic or photographic form which are also informative, but too numerous to index.

Copper

An account of the produce of all the copper mines in Cornwall, in ore, copper, and money for the years ending the 30th June 1815-1817, **I**: 252-261, 1818.

Quantity of copper produced in Great Britain and Ireland in the years ending 30th June 1815-1817, **I**: 262-263, 1818.

An account of the produce of the copper mines of Cornwall, in ore, copper, and money, in the years ending 30th June 1818-1822, **II**: 428-437, 1822.

An account of the annual produce of the copper mines of Cornwall, from the year 1771 to 1822 inclusive, **II**: 438-439, 1822.

Quantity of copper produced in Great Britain and Ireland and amount purchased by companies in the years ending 30th June 1818-1822, **II**: 440-444, 1822.

An account of the produce of the copper mines of Cornwall in ore, copper, and money, in the years ending the 30th June 1823-1827, **III**: 342-353, 1828.

Quantity of copper produced in Great Britain and Ireland in the years ending the 30th June 1823-1827, **III**: 354-358, 1828.

An account of copper exported from Great Britain in the year ending 5th January 1827, **III**: 359, 1828.

An account of the produce of the copper mines of Cornwall in ore, copper, and money in the years ending 30th June 1828-1832, **IV**: 492-496, 1832.

Quantity of copper produced in Great Britain and Ireland in the years ending 30th June 1828-1832, **IV**: 497, 1832.

Purchasers of the copper-ores of Great Britain and Ireland in the years 1828 – 1832, **IV**: 497, 1832.

Table showing the quantity of fine copper contained in British and foreign copper ores sold at the Cornwall and Swansea Ticketings from 30th June 1832 to 30th June 1846, **VI**: 357, 1846.

Table of the quantity of fine copper in ores disposed of, principally, by private sale, and included in the above table, **VI**: 357, 1846.

An account of copper produced in (and imported in ore into) Great Britain in the year ending 30th June 1849, **VII**: 111, 1849.

Lead

Table, showing the total quantity of lead ore raised and lead smelted in the United Kingdom [1845 & 1846], **VII**: 41, 1847.

Produce of lead ore and lead in the United Kingdom, for the years 1845 and 1846 from returns made to the Mining Record Office, Museum of Practical Geology. Provided by Robert Hunt, keeper of Mining Records, **VII**: 41-45, 1847.

Lead ore and lead imported and exported in 1843 – 1846, **VII**: 45, 1847.

An account of lead produced in Great Britain and Ireland in the year 1848, **VII**: 113-114, 1849.

Tin

An account of tin raised in Cornwall in the years ending with mid-summer coinage 1815-1817, **I**: 250-251, 1822.

Index of Papers in the Society's Transactions by Subject

An account of tin raised in Cornwall in the years 1817-1821, **II**: 424-425, 1822.

An account of the annual produce of the tin mines of Cornwall from the year 1750 to 1821 inclusive, **II**: 426, 1822.

Account of tin raised in Cornwall in the years 1822- 1826, **III**: 339-340, 1828.

Account of tin exported from Great Britain in the year ending 5th January 1827, **III**: 341, 1828.

Notice of the quantity of tin raised in Cornwall and Devon [in the years 1827 - 1831], **IV**: 491, 1832.

An account of the quantity of tin produced in Cornwall and Devon from the commencement of 1832 to the close of 1846, **VI**: 358, 1846.

An account of tin produced in Cornwall and Devon from 1844 - 1849, both inclusive, **VII**: 112, 1849.

Electron Microprobe Analyses of Wood Tin [Cassiterite] from Various Locations, **XXI, Pt 4**: 200, 1987.

Review of Cornish Stanniferous Placers, **XXII, Pt 2**: 77, 1999.

Clay

Composition of the clay fraction in representative soils of the South West, 318, in *Present Views of Some Aspects of the Geology of Cornwall and Devon*, 1964.

Exports of China Clay from Cornwall and Devon in 1912 (after Howe, 1914), **XXI, Pt 6**: 258, 1994.

Typical properties of processed clays (Paper, Ceramic), **XXI, Pt 6**: 290, 1994.

Granite

The Granitic Rocks of South-West England (Exley and Stone) in *Present Views of some Aspects of the Geology of Cornwall and Devon*, Edited by KFG Hosking and GJ Shrimpton, 1964.

Table 1: Composition of plagioclase in different types of coarse porphyritic biotite granites, 135.

Table 2: Chemical analyses of some biotites, 136-7.

Table 3: Modal analyses of some coarse porphyritic biotite granites, 138.

Table 4: Chemical analyses of some coarse porphyritic biotite granites, 139.

Table 5: Modal analyses of some fine porphyritic biotite granites lithionite granites and a fluorite granite, 140.

Table 6: Chemical analyses of some fine porphyritic biotite granites lithionite granites and a fluorite granite, 141.

Table 7: Modal analyses of leucogranites and aplites, 144.

Table 8: Chemical analyses of some leucogranites and aplites, 145.

Table 9: Chemical analyses of Elvans, 149.

Table 10: Tourmaline content of the Granitic rocks of south west England, 170.

Table 11: Chemical analyses of some tourmalines, 171.

Table 12: Analyses of some greisenized granites, 174.

Table 13: Analyses of some kaolinized granites, 176.

Summary of possible distributions, as "tested" using arithmetical probability paper, for various elements in the Granitic rocks of the SW of England "batholith". Group A represents all Granitic rocks, group B St Austell granites only and group C Godolphin-Tregonning granites only, **XX, Pt 1**: 39, 1968.

Use of the corrected geochemical coefficient of variation as a test to choose between the lognormal and normal distribution laws for a variety of elements from the SW of England "batholith". Group A represents all Granitic rocks and group B St Austell granites only, **XX, Pt 1**: 41, 1968.

Camborne Mines Ltd, Pendarves. Variations of dip in granite contact area, **XX, Pt 2**: 154, 1967-8.

Dartmoor Granite article (Burch):

Table 1: Pseudoantecedent significance levels

Table 2: Type-antecedent parameter free significances; sig.

XX, Pt 3: 190, 1972.

Joint patterns at Carn Brea (ref 677409-668405) in Granite, **XX, Pt 2**: 156, 1967-8.

Petrographic summary of main granite types (after Exley and Stone, 1982), **XXI, Pt 3**: 117, 1985.

Petrographic Summary of Main Granite Tyres (Repr from Exley, Stone and Floyd, 1983), **XXI, Pt 6**: 267, 1994.

Main Alteration Stages of the St Austell Granite, **XXI, Pt 6**: 270-1, 1994.

A synonymy of lithostratigraphical terminology for the Pleistocene of north and west Cornwall, **XXII, Pt 1**: 13, 1996.

Sundry Minerals

An account of sundry minerals exported from Cornwall in the year 1826, **III**: 360, 1828.

Age Determinations in the Lizard Area, (D H Green) in *Present Views of some Aspects of the Geology of Cornwall and Devon*, 111, 1964.

Permo-Carboniferous and later Primary Mineralisation (KFG Hosking) in *Present Views of some Aspects of the Geology of Cornwall and Devon*, 1964.

Table 1: Mineral Paragenesis of the Trolvis Pegmatite, 224

Table 2: Mineral Paragenesis in Early Felspathic Wolframite-Bearing Lodes of South Crofty Mine (After Webb, 1947), 225

Table 3: Mineral Paragenesis in the Veinlets of the Greisenised Granite of Cameron Quarry, St Agnes, 226

Table 4: A Generalised Mineral Paragenesis, etc. of the Mineral Deposits of South-West England, 228 (tri-fold Table)

Table 5: Maximum thickness of Primary Zones (Dewey 1948, p50), 230

Table 6: The Trace Element Content of Samples of Killas from Barren Areas outside the Metamorphic Aureole of the Carnmenellis Granite, 237

Table 7: A comparison of the Metal Content of Biotite with that of accompanying Muscovite in Samples of Granite close to and distant from Porphyry Dykes and Lodes, from the Carnmenellis Mass, Cornwall, 239 (two fold Table).

Sequence of deposition and decomposition of hydrothermal minerals at Dean quarry, **XX, Pt 2**: 111, 1967-8.

Mineralisation and Alteration Assemblages of Main-stage Mineralisation (after Jackson, 1979), **XXI, Pt 3**: 122, 1985.

Trace elements in Cornish rocks (modified after Stone, 1982; Jackson, 1979; Henley, 1970 and Bromley (pers comm), **XXI, Pt 3**, 134, 1985.

Fluid inclusion data from base metal mineralisation in South West England, **XXI, Pt 3**, 136, 1985.

Wood Tin, Stannite and Varlamoffite Localities in the south-west of England, **XXI, Pt 4**, 162, 1987.

Metal content (ppm) and pH values at 4 sample sites, Binner Downs, Cornwall, 2007, **XXIII, Pt 1**: 6, 2014.

Miscellaneous

Notice of the work performed by the steam-engines in the mines of Cornwall [in the year 1831], **IV**: 490, 1832.

Table of British and Foreign Devonian Fossils, 64th President's Address, W W Smyth, IX: xxvi

A Brief Description of the Contents of Sir Humphry Davy's Geological Lectures of 1805, 1808, and 1811, **XXI, Pt 1**: 6-7, 1978.

Members of the RGSC on 11th February 1814, by Occupation, **XXI, Pt 5**: 228, 1991.

Members of the RGSC admitted on 11.2.1814, "Without Ballot", **XXI**: 243-4, Appendix, 1991.

Summary of late Quaternary stage names, ages and correlation with deep-sea oxygen isotope record. Adapted from Bridgland (1994), **XXII, Pt 1**: 16, 1996.

Correlation of raised beaches (Godrevy Formation) in north and west Cornwall with deep-sea oxygen isotope stages on the basis of amino acid racemisation (AAR Bowen et al 1985) and thermoluminescence dating (TL; Southgate and this paper), **XXII, Pt 1**: 41, 1996.

End of subject index
